Cuban Sub Base Gets Ike Reply

Says U.S. Would Act If Necessary

WASHINGTON (AP) — President Eisenhower said the United States will act as it sees fit—if necessary—to protect its interests if Russia establishes a submarine base in Cuba.

He said, however, he does not regard the setting up of a Soviet submarine base as a likelihood, but such a thing is a possibility.

Eisenhower was asked at his news conference whether he agrees with a statement by Sen. Lyndon B. Johnson (D-Tex.) that the United States might look for the establishment of such a base.

The President said he was not going to make any guesses about such a possibility. Such things are always possible in this world, he said, but he doesn't see much likelihood.

As to what the United States might do in such an event, Eisenhower drew attention to the Caracas resolution for mutual defense of the Western Hemisphere, and to the machinery of the Organization of American States.

Eisenhower said the OAS would no doubt come into play but that in its own interest this country might have to act as it saw fit.

Eisenhower said he did not want to talk at the moment in detail about what U.S. policy might be in view of the Fidel Castro government's new law for expropriation of American property.

He said the new sugar bill, giving him authority to cut the Cuban quota, reached his desk along with reports and studies by the

Firemen Told That Shorter Work Week Means Pay Cut

The request by city firemen for a work week reduction from 72 hours to 56 hours took a hard knock from City Council's committee-of-the-whole last night.

Councilman Carl Abe, reporting for the committee, said it would have to work on a wage reduction for city firemen if the hours reduction program is passed by the electorate.

Firemen reportedly are circulating petitions to have the hours measure placed on the ballot. Requests to City Council to have that group adopt the shorter work week have apparently fallen on deaf ears.

It has been pointed out that if the firemen's hours are reduced it will require an additional three firemen to fill the gap created by off-duty firemen. This has been estimated to cost the city somewhere over \$14,000.

Councilman Abe said the committee took no action on the measure other than to suggest the salary cut if there should be no program for raising the additional funds needed to pay the differential.

AS CONVENTION TIME NEARS — At left, James E. Doyle, director of the Adlai Stevenson campaign, makes a point in Los Angeles, saying it would be absolutely impossible for either Sen. John F. Kennedy or Sen. Lyndon B. Johnson to win the Democratic nomination. At right, Senator Johnson gestures as he formally announces that he is a candidate for the Democratic presidential nomination.

California, Pennsylvania Keep Quiet

Two States Could Swing Convention

LOS ANGELES (AP) — Pre-convention shakedowns pointed today toward the powerful Pennsylvania and California delegations as potential kingmakers in the Democrats' selection of a presidential nominee.

Out of the din of conflicting

Pay Boosts Considered At Columbiana

COLUMBIANA — A recommended general wage raise for village employees was being considered today by councilmen after the proposal was presented by the finance committee at the Council meeting Tuesday night.

The plan also calls for two paid holidays and extended vacation periods based on length of service.

As outlined by William Arn, chairman of the finance committee, the increase would amount to \$25 a month for department heads and approximately 10c per hour for hourly-paid workers. The plan would give employees Christmas and July 4 as paid holidays, and would provide for up to three weeks' annual vacation after 15 years of service.

Solicitor Jack D. Kuhlman was instructed to prepare a sample ordinance incorporating the proposed figures and other provisions and send copies to the individual councilmen for study before the next Council meeting July 19. The last wage boost for municipal employees was about 18 months ago. Council, via custom, attempts to keep any wage alteration on a general basis, with equal boosts for all employees.

In other business, councilmen noted a number of local sidewalks had been repaired recently, in advance of a publicized council intention to adopt a "get tough" policy with property owners whose sidewalks are considered in a hazardous condition. However, a list of walks still needing repair is being turned over to Mayor E. L. Calvin, who said his secretary will send notices to the owners to affect repairs at once.

Woman Hurt When Auto Strikes Pole

Marie Nichols, 46, of Girard, was treated and released at Salem City Hospital Tuesday morning for abrasions of the knees, face and shoulder after her car went through a stop sign on Rt. 165 at Rt. 514 and hit a utility pole.

State Patrolmen at the Lisbon Post said she was southbound on Rt. 165 when she ignored the stop sign. They said she was charged with failure to obey a stop sign and with not having a driver's license.

Canfield Post patrolmen reported two cars damaged considerably at about 5 p.m. when one driven by Ellwood C. Huffman, 26, of Petersburg, pulled out of Truesdell Ave. in North Lima, and into a car driven on Rt. 625 by Paul R. Smith, 41, of Youngstown. Huffman was charged with failure to yield the right-of-way.

Castro Warns Of More Seizures

Depends On Future Of Sugar Purchases

HAVANA (AP) — Fidel Castro's Cabinet today authorized him to expropriate all American property in Cuba and pay for it only if the United States buys more—less—Cuban sugar at premium prices.

The new seizure decree, drafted by the Cabinet at a session last night, authorized President Osvaldo Dorticos or the prime minister to take over any property owned by U.S. companies or citizens in Cuba "when deemed necessary in the national interest."

The law also provides for expropriation of companies in which U.S. citizens may have "interest or participation." An example is the British-Dutch Shell Oil refinery whose operation — along with the U.S. Esso and Texaco refineries — was taken over by the government last week.

The Cabinet said the expropriation was authorized because of "the constantly aggressive attitude" of the U.S. government and particularly the authority given President Eisenhower by Congress to reduce Cuba's sugar sales to the United States.

Underlining the retaliatory nature of the action, the decree pinned compensation for the seized property directly to American sugar purchases.

It said the American owners would be paid in 2-per cent, 30-year Cuban government bonds backed by a special fund. But the fund is to come from 25 per cent of the dollars paid for sugar sales to the United States in excess of 3 million tons a year and at a price of 5 1/2 cents a pound or more.

Cuba's sugar quota this year is 3,100,000 tons, and sugar industry sources in Washington expect Eisenhower to cut it perhaps 700,000 tons. That would put American purchases 600,000 tons below the figure at which the first dollar would go into the compensation fund.

The decree also put a superpremium price on Cuban sugar before the American owners can be repaid. The United States has been paying about 5 1/2 cents a pound, or about 2 1/2 cents above the world market price.

The decree specified that expropriation edicts could not be appealed.

It also contained what appeared to be a retroactive clause stating that it annulled all "legal dispositions and regulations that are opposed to the application of this law."

The decree gave no indication of the next target for seizure but the Cuban Electric Co. is assumed to be high on the list. Half of its 300-million-dollar valuation is American held, and it is the largest single American holding in Cuba.

Driver Fined \$150

Earl F. Shasteen, 40, of 718 N. Lincoln Ave., was sentenced to jail for three days and fined \$150 and costs by Mayor Dean Crammer on Tuesday on a charge of driving while intoxicated. Shasteen was arrested Sunday evening after his car hit a utility pole on Franklin Ave.

Fined \$25 and costs was Samuel D. Jennings, 25, of Canton, on a charge of driving without a driver's license.

Schuller Suggests Real Estate Tax

U.S. Military Might Strong, President Says

Refutes Rockefeller Charge; Accuses Mr. K of Interfering

WASHINGTON (AP) — President Eisenhower today rejected New York Gov. Nelson A. Rockefeller's contention that America's military strength has deteriorated.

At a news conference, the President also accused Soviet Premier Nikita S. Khrushchev of very crude attempts to interfere in this country's presidential campaign.

Eisenhower voiced confidence that neither Democrats nor the Republicans will find the Kremlin leader's advice of any value.

As for Rockefeller, Eisenhower was reminded that the Republican governor has been critical of the administration in the economic as well as military fields, and has contended that U.S. military strength has declined while Russia's has increased.

The President commented that since 1953 he has sent eight budgets to Congress. Five, he said, were cut by Congress and three increased—in each case in election years.

The President said that by and large the Democratic-controlled Congresses have agreed with his Republican administration on military spending.

In this news conference, his first in eight weeks, Eisenhower dealt also with these other matters:

CUBA—The President indicated he would act later in the day or Thursday on a bill giving him discretion to reduce shipments of Cuban sugar to the United States.

He gave no indication of whether he would cut Cuban quotas immediately after signing the bill.

BUDGET—Eisenhower declared it will be a miracle if the four-billion-dollar budget surplus which he estimated for the fiscal year which started July 1 is now realized.

Prospects for a surplus of that size have been dashed, the President said, by the failure of Con-

Turn to PRESIDENT, Page 8

Street Lighting Fund Grows Dark, Council Is Told

The city's street lighting program is in financial trouble. The program operates out of the hard-hit General Fund.

Councilman Donald Cannon, head of the street lighting committee, reported to Council Tuesday night, that expenditures are well ahead of the appropriation set up at the start of the year. He said the deficit has already reached the \$4,000 mark.

Much of the overspending can be attributed to bills accumulating in this year but which are actually last year's obligations. He said they were not expected this year.

He included in this category a report from the Ohio Edison Co. that the city owes that firm \$2,664 in pole agreement fees. He said this normally is paid in January but has not been paid this year. He also noted that the new equipment fund which was appropriated \$3,000 was required to spend half of this amount on a new transformer which had been ordered in 1959. With other equipment purchases, the fund has only \$58 remaining for the rest of the year.

In equipment and supplies section, the fund is \$1,462 in the red, attributed in part to the early renovation program currently in progress. However, Mr. Cannon said he thinks this renovation program is going to have to come to a halt in the near future because of the money shortage.

He also pointed out that the \$10,000 allocated for current in the Lighting Fund was more than half spent by the end of June. On July 1, the fund for current had a \$4,237 balance.

Penrod resigned to accept the

West Branch To Consider School Bonds

A resolution for a school bond issue for the November ballot will be drawn up and teachers and school administrators will be interviewed at a special meeting of the new West Branch School District's board of education Thursday at 8 p.m. in its new offices in Beloit.

At its regular meeting Tuesday night, Walter Frost, youngest son of architect, urged the board to take action as soon as possible in submitting its first resolution for a bond issue.

In other business, members of the board agreed to have the clerk advertise for bank depository, and approved a \$50,000 temporary appropriation.

Administrative contracts were offered to John Pickens, Michael Barnhouse, Raymond Scott and Mrs. Rose Shank for the coming school year, and will be discussed at the meeting Thursday.

Twenty-two bus drivers were hired full-time, pending physical examination and certification, at a \$1,450 annual salary. A salary schedule is being set up for cooks, after which they will be hired.

The board gave authority to Clinton Heacock, administrative head of the West Branch School district, to purchase maintenance supplies, carry out the summer work program, to order books and supplies needed for 1960-61, to negotiate room space, to have buses lettered, buy new tires and recapping of old, and to make other necessary repairs.

The clerk will advertise for bids for gasoline for buses, and purchase coal from the Irwin Co.

Palestine Council Extends 'Fast' Time

EAST PALESTINE — At the last meeting before summer recess, City Council passed on the third and final reading legislation extending Daylight Saving time through the last Sunday in October.

This repeals an ordinance passed a year ago which terminated "fast time" in September.

The Board of Education has not yet announced whether or not the schools will observe DST.

Council recessed until Sept. 6 but planned a special meeting later this month to approve legislation for the renewal of two tax levies.

Each of the levies is for one mill and for two years duration. One is for street maintenance and the other for operation of city parks.

Council Head Sees Levy As Fund Provider

Indicates Action On Income Tax Is Long Way Off

City Council President Michael Schuller Tuesday night set off what could be a belated firecracker when he proposed consideration of an operating levy as the solution to the General Fund's depleted resources.

President Schuller, speaking at Council's regular meeting, said he was suggesting the operating levy—which, incidentally, is added to property taxes—because he could see "no income tax ready in a long time to come."

Although he didn't clarify himself in this last statement, he probably made reference to the eight months already consumed in deliberation over the income tax proposals. He did not propose a specific millage.

In making the request, Schuller stated that it might also be some sort of concession to the Income Tax Study committees which have urged that Council take some steps to use a vote of the public on the money-raising programs. The Joint Income Tax Study Committee in its report earlier this year had also asked that Council consider the real estate tax rather than an income tax.

In two previous proposals to bolster the General Fund, an income tax of six-tenths of one per cent was proposed by Council and a "trial" six-month tax, without a specific rate, was proposed by Mayor Dean Crammer.

Council's proposal had already reached the place where only one more favorable vote by that body would have made it law. However, Council delayed that vote in its last meeting of 1959 in deference to a request for a study by an impartial citizen's committee and have never since gotten around to taking the final vote.

One-Mill Yield \$38,000

Although Mr. Schuller did not ask for consideration of any specific millage, available figures reveal that an additional one-mill would bring in roughly \$38,000, based on a property valuation in the city of \$38 million plus. Last year's General Fund deficit was about \$25,000. The city's present property tax millage is \$38.70 per \$1,000 of evaluation.

In regard to the Mayor's proposed income tax program, Councilman Fred Koenreich, chairman of the Finance Committee, had these reports to make on several of the Mayor's recommendations:

The entire report needs considerable more research before action can be taken on it.

A proposal for enactment of a weight ordinance is already in the works by order of Council.

Councilman Lesch is at work investigating the possibility of contracting trash collections and operating the city-owned landfill.

Home Savings and Loan Co., which a week ago offered itself as a depository for the city income tax collected, has been ruled out by the City Solicitor because it is not a National Bank, therefore cannot be a depository. Besides the city already has a contract with a national bank as a depository.

Councilman Donald Cannon is expecting to get a requested report from the Ohio Edison Company in which that firm will state a specific price for purchasing the city-owned lighting system and for its subsequent operation.

School Board President Oren Naragon has been contacted about the school board taking over all or part of the adult school patrol program. It was noted also that the board would meet next week and take the matter under advisement.

The Mayor's written proposal to Council last week had also asked that the \$40,000 proposed to set up the city's income tax program be

'Bread and Butter' Issues Look Big for Dem Campaign

LOS ANGELES (AP) — Domestic "bread and butter" issues may overshadow foreign affairs in the coming campaign, a number of Democratic platform drafters predicted today.

Auto Workers, Ford Meet Over Dispute

CLEVELAND (AP) — Representatives of the Ford Motor Co. and United Automobile Workers Local 420 met again today in an effort to settle a dispute over which the union has threatened to call a strike at anytime after midnight tonight.

They were unable in a series of meetings Tuesday to negotiate peaceful settlement of union grievances on health, safety and production standards issues.

Ford Tuesday postponed until Friday the recall of 3,400 employees at its compact car assembly plant at nearby Lorain because of a shortage of parts connected with a production slowdown and the strike threatening dispute at its stamping plant in suburban Walton Hills, a spokesman said.

He said the parts shortage also caused Ford to shut its car assembly plant at Kansas City and lay off approximately 3,000 workers there.

The Lorain workers, laid off last Friday, were scheduled to return to their jobs Tuesday.

Dale Martin, president of Local 420, denied that workers at the stamping plant participated in a production slowdown.

The company Friday gave disciplinary layoffs of three to five days to more than 1,000 workers accused of participating in a slowdown. Some 900 given three-day layoffs returned to their jobs Tuesday, but there were "indications that the slowdown is continuing," the company spokesman said.

A canvass of resolutions committee members indicated majority feel the voters would be intensely interested in issues relating to:

Medical care for the aged, farm aid, housing, aid to education and economically depressed areas, employment and other pocketbook proposals.

This was true, most agreed, despite public attention paid recently to the U2 plane incident, the collapse of the summit conference, the withdrawal of President Eisenhower's invitation to visit Japan and an intensification of the cold war.

The committee is meeting in advance of the convention to weigh the pros and cons of various issues before coming to grips with the task of writing a party campaign document for presentation to the presidential nominating convention next week.

"It is difficult to dramatize foreign issues," said Carl Rice, veteran Kansas Democratic leader.

But from Maine's Alton A. Lessard came the view that voters there are more concerned about how the man in the White House handles critical foreign relations.

Both Rice and Lessard are members of the resolutions group. Generally, committeemen from inland areas stressed domestic issues more than did their seaboard colleagues.

Agnes Geelan, a North Dakota committee member said the farm issue is tops in her part of the country. She cited apparent victory of Democrat Quentin Burdick in a special senatorial race in that state last week—a victory many Democrats credit to farmer dissatisfaction with Eisenhower administration farm policies.

CONVENTION DELEGATE FORMULAS

REPUBLICAN	DEMOCRATIC
1,331 DELEGATES	1,521 DELEGATES
To Nominate: 666	To Nominate: 761
1 delegate, 1 alternate for each vote	Each state may select 2 delegates, 1 alternate for each vote
FORMULA:	FORMULA:
4 delegates each state	2 1/2 votes each state for each congressman and each senator, plus 1/2 vote for each national committeeman
2 additional for each representative-at-large	
6 additional each state which went Republican in last election	
1 each congressional district which gave Eisenhower or GOP House nominee 2,000 votes	
1 additional for above if GOP vote totaled 10,000	

Selection of delegates is strictly a party function and, while other factors may enter at times, the basic requirement is loyalty to the party. The respective national committees set the delegate formula. The Republicans, historically weak in the South, in 1923 (revised in 1944) adopted a formula of delegate representation based on party support. Their experience had been that heavily populated southern states where support was practically nil came into the convention with greater delegate strength than strongly GOP but less populous northern states. Result: Too strong a voice for weak South in party councils.

U2 Pilot Asks Family Not to Visit Him Yet

RICHMOND, Va. (AP) — U2 spy plane pilot Francis G. Powers has been emphatic in writing his family not to visit him before his Moscow trial, attorneys seeking to aid the imprisoned American said Tuesday night.

The attorneys told a news conference they could give no definite reason for Powers' comments.

With the attorneys at the news conference was Barbara Powers, wife of the pilot. She said little during the session.

Powers was captured by the Soviets when his plane went down deep inside the Soviet Union in May.

Mrs. Powers said she had received a second letter from her husband saying he was being well treated. She said she could not detect if the letters had been censored.

The attorneys said her letters and the two Powers had written his parents a Pound, Va., had been studied carefully by psychiatrists.

The three attorneys were named by the Virginia State Bar Assn. to offer legal help to Powers. They have applied for visas to the Soviet Union.

Salineville Man To Be Given Hearing

LISBON — Sheriff Russell J. VanFossan and Richard Rose, the chief adult probation officer, left late Tuesday for Lake George, N.Y. to return Gerald Edward Raffie, 23, of Salineville, for probation violation.

Raffie pleaded guilty of stealing a station wagon belonging to John Margraf on Jan. 18 and requested probation which he received from Common Pleas Judge Raymond S. Buzzard. He then violated his terms by leaving this district, failed to report to his probation officer and has failed to pay any of his court costs.

3 DIE IN CRASH

PIQUA, Ohio (AP)—A two-car crash in Champaign County has ended the lives of three elderly women from St. Paris. Killed in the accident at the intersection of U. S. 36 and Ohio 69 about 14 miles east of here Tuesday were Mrs. Bertha McBeth, Hettie Mott and Verda E. Putman, all about 69.

SERVICEMAN KILLED

WARREN, Ohio (AP)—James P. Mulveny, 29, an Air Force technical sergeant from Lawton, Okla., was killed Tuesday night when his auto spun out of control on a Trumbull County road and hit a utility pole. Mulveny, whose wife and two children live in Oklahoma, was stationed at the Brookfield Radar Base east of here.

'Growthmanship' and 'Normalcy'

Two coined words and the ideas behind them seem certain to become public issues in the national campaign this year and in popular discussion in years to come.

Vice President Nixon has coined "growthmanship" to describe the idea that government planning and public spending should create economic growth at a predetermined rate. He opposes it.

The idea is in conflict with the concept that economic growth is the responsibility of free enterprise and must come about, therefore, in what was referred to in the '20s as "normalcy" — meaning maximum freedom for enterprise with minimum interference by government.

The issue between the two concepts is not new; it was the issue between the New Deal and free enterprise during the '30s. The only thing new about it now is its revival in connection with the threat of the Soviet Union's authoritarian "growthmanship."

CAN THE United States maintain by intelligent taxing policy and legislation a rate of growth that will keep it comfortably ahead of its great new authoritarian rival? Or must it adopt a kind of authoritarianism, itself, to compete with the Soviet Union?

One uncertainty that will complicate the decision has materialized this year. Productive capacity is out ahead of saleable production. Average operating rates are sagging, paced by a 60 per cent operating rate for steel.

Petroleum refineries are lagging in operating rates. Aircraft, appliances, building materials and construction equipment are below capacity. The key automobile industry has no immediate expectation of full production. In many industries, the question is whether full year-around production schedules ever will be seen again—whether the arbitrary four-day week that some unions are talking about may be preceded by a 36-week production year.

THE BIG push in management is to keep costs in line. But management's success in trimming expense is frequently scored at the cost of less time at work for high-cost employees.

The dilemma described by the steel industry a year ago when it wondered how it could raise wage rates and benefits without help from its employees in keeping down production costs through greater efficiency has not been settled in that industry or in any other.

Yet, there is still sound justification for the belief that only private enterprise can work out the terms of the high production rate needed to maintain both solvency and high purchasing power.

"Normalcy" may have to be interpreted on some new basis to offset "growthmanship" zealots preaching that anything short of their arbitrary goals is a signal for emergency public spending and the taxes and inflation that discourage normal growth.

Soup, Daubs, Kids and Ice Cream

Granted that King Bhumibol of Thailand and his good-looking queen are easier to get along with than some of the personalities President Eisenhower has come up against in personal diplomacy lately, his success in hitting it off with them is worth a second thought.

This is what he was talking about in his recent speech explaining the purpose of personal diplomacy—the creation of friendliness between people with the power of decision over national affairs. What do such people talk about? The Eisenhowers and their royal guests talked about noodle soup, ice cream, grandchildren and painting, according to the President's explanation.

King Bhumibol, on his part, said he and his queen had enjoyed the experience of getting acquainted with the Eisenhowers as they really are. One recalls the Eisenhowers serving hot dogs and buns to the late King

George VI and Queen Elizabeth at Hyde Park. Or recalls stories about Winston Churchill when he was British prime minister roving through the living quarters in the White House in a dressing gown and slippers.

Most human beings in exalted places are humble at heart. Thailand's personable young king and queen have happened to come to the United States when personal diplomacy is under fire. In an immoderate reaction from to rebuff by Kikita Khrushchev and his Communist conspirators, some Americans are demanding that diplomacy be turned back to the traditional cookie-pushers of the ledger-ruled pants and morning coats.

The cookie-pushers have a job to do. Mostly, they do it well. But there is no substitute for diplomatic relationships between top people secure enough in their positions to talk about noodle soup if they feel like it. Beats cookie-pushing any time.

Americans Off to See the World

At least one thing the lower temperatures of the cold war have not affected is the desire of Americans to travel abroad this year.

More than 800,000 of them are expected to go to Europe, attracted by both the traditional sights and some special events such as the Olympic games in Rome and the Oberammergau Passion Play.

Increases in American tourists are expected in the Far East, despite the current troubles in Japan. Visitors to Russia will number a record 20,000, despite the collapse of the Paris summit and the subsequent heightening of Kremlin-Washington tensions.

Latin America, where passports are not needed, is likely to share in its northern

neighbors' passion for globe-trotting, with the exception of Cuba. As one wit put it, "Managers of swank luxury hotels and casinos (in Cuba) are going snow blind from gazing unhappily on vast expanses of white linen on empty tables."

The new stream of tourists to Havana favors red, and it is unlikely they will make up the 40 million dollars a year Americans used to spend there.

The flow of U.S. tourists abroad has its serious side, too. The Commerce Department is getting concerned about tourism's contribution to the U.S. imbalance of international payments. The Senate has passed a bill creating a new tourist agency to try to get more foreigners to see the sights—and spend their money—in this country.

Just how successful such an effort would be is doubtful. No other people in the world can equal the Americans in the urge to "go some place and do something."

Unightly

Tall weeds, grass and briars are growing so fast at the edges of Salem that, unless they are soon cut, the corporation limit markers and service club's welcome signs are going to be hidden from view.

Ironically, some of these weeds are growing along highway berms which the city should maintain. The state highway department does a good job of keeping the weeds cut beyond the city but we have become lax with our own backyard. We can do without these "jungles."

Pleasure Boating

Berlin Reservoir and other lakes in this northeastern Ohio area are dotted with so many boats anymore that one marvels at the low frequency of accidents.

Nevertheless, Safe Boating Week has been proclaimed nationally, starting Saturday, and owners of pleasure craft should resolve anew to follow safe boating practices. Landlubbers just turned sailors should read up on all the rules and regulations before ever setting out on the water, the seasoned skippers tell us.

And powerboat and sailboat owners should make sure all required and recommended equipment is aboard and this includes life preservers for each person; children should wear their's.

Safety afloat will continue to make boating the great sport that it is.

Once Over

Five Supreme Court justices say the U.S. courts cannot admit evidence illegally seized by state officers. Four say they can, as was ruled by a high court a half century ago.

It's getting so Supreme Court battles go into extra innings like baseball games.

Justice Frankfurter says the five justices banning such evidence did "a judicial somersault."

Well, these constant 3 to 4 decisions certainly seem to put Supreme Court justices in the category with circus acrobats, working in tight on galloping circus horses.

The high court also ruled 6 to 3 that a man and his wife can be sued in a conspiracy, thus blitting the ancient common law rule that a man and his wife are one person legally, whereas a conspiracy needs at least two. (Does the court mean there can be conspiracy in a game of solitaire?)

REMEMBER AWAY BACK when you could remember all the flavors ice cream came in?

Congress has ruled airwaves may give time to top candidates without being compelled to allot equal time to all. Good! It's tough enough to have to listen to the top candidates without hearing aspirants of the League of Dog Catchers and the Association for More Fringes on Fringe Party candidates.

Bowling Proprietors Association ruling that no tournament players will be recognized who do not play in association alleys, has bowlers so sore they forget to take their thumb out of the ball when hurling it at the tenpins. It is a pressure blow at countless alleys and like telling ballplayers they will be barred if they play anywhere except in major league park.

Wreckers are demolishing upper stories of Grand Central station in New York to make way for a 58-story skyscraper. Job of doing it without hampering traveling public, mail service, etc., requires contrivances which outdo Rubik Goldberg and the late Joe Cook.

The ICC charging the New Haven Railroad with vast wastes of money while trains go unrepaired and unclean, says one former president had \$120,000 deluxe quarters in Gotham with a \$3,675 teakwood cabinet and a \$25 wastebasket. Also a five-room apartment in the Biltmore at \$24,000 a year and snazzy offices in New Haven home offices. The ICC alleges \$88,900 was spent for color scheme designs for locomotives and trains and that the road even hired a director of color design at \$15,000 a year and \$3,000 for expenses. If the public enduring train troubles, filthy trains, broken seats and general drabness had known about the color designer, it might have caused transportation riots.

The poor showing in steel in July—with a mounting number of workers laid off—is due largely to a steep drop in new orders since early spring, while steel users cut back on their stocks.

Adding to July's slowness will be the annual vacations in many steel using industries, who are expected to be back in the market again in August.

The Glass Blower

Life on the Road Expensive

By WESTBROOK PEGLER

I would like to examine the expense accounts of the reporters for Jack Knight's papers who ran such a fever of indignation over spending reported by some of our statesmen in the execution of certain official though possibly frivolous duties.

This is not a prurient interest in something which is none of my business. Normally it would be a matter between the conscience of the journalist and his city desk. But a virtuous tremor is now agitating the tip of my professional snoot, an instinctive reaction when my Hippocratic responsibilities get wrought up.

My purpose is to compare the expense accounts of these brethren in my cloth with those of the barnstorming defenders of our sacred heritage and to question the social standards of reporters who at this day are able to raise their backs hairs pro bono publico at the ghastly gall of a congressman who can fritter away \$75 on an evening at the Plaza Persian Room.

Now I, too, have been in the Persian Room and have spent approximately \$75, not including tip, on a table for four without even a smile of recognition from my charming friend Hildegarde to say nothing of a rosy smear of lipstick on my forehead.

ONCE I SAT AS guest through a painful evening at one of those big round tables for which the grunt amounted to \$300 and the entertainment, though dancing, and discoursed by an arist of sweet-

ly petulant personality, aroused on-ly political repugnance. This of course, nullified my enjoyment.

The dancer was Paul Draper, who was just after suing Mrs. Hester McCullough of Greenwich, Conn., for calling him a dirty Red. He had attached her modest home and little bank account under a malignant Connecticut law, later repealed on that account, and I sympathized with Hester. Bill Cunningham, George Sokolsky, Fulton Lewis and I spat on our horny hands, went to work and raised \$80,000 for Hester's defense, and she got a hung jury. I am not sure I would have enjoyed Paul's pirouetting with his graceful fingers arched prettily on his hips even if he had been a stand-pat Republican.

I have never darkened the door of the Persian Room since. My bigotries are that durable.

It is not clear to me whether the statesmen who went to the Persian Room on their congressional expense account had a just public occasion for their wantonness with my taxes. But they could have been plying a Russian spy with caviar and vodka; stuffing filet mignon into a bashful confidante of some corrupt contractor who overcharged the Pentagon for paper clips or even investigating the high cost of living, surely a laudable mission, especially the cost of living in the Plaza.

BUT, WHEN Mr. Knight's reporters hit the road to New York, where do they hole up?

At the Mills Hotel? Or the YMCA? Or some fleabag down the

Bowery? Because otherwise it would be very hard to get tolerable quarters, with sitting room, for less than \$30 a night, plus tips, even if they were willing to get integrated with the hop-heads, forgers and erring ladies who constantly justify the detective bureau's professional interest in many subordinate inns.

A bedroom and sitting room at any first-class New York hotel will rent for at least \$35 a day. The two-bit tip is extinct and where bags are passed into two or three custodies between the cab at the curb and the racks in the rooms the wear-and-tear may amount to \$5.

THAT IS ONE REASON why so many travelers, especially millionaires Texans in rumpled denims, carry their own gear into the lobbies and up the elevators. The \$5 steak is a familiar economic landmark of the times and asparagus costs \$2.50. Drinks are \$1 and all else is in proportion. This refers to New York, but most other big cities are within 10 per cent of New York, and the motels, now linked in chains across the country, charge \$12 for a bedroom and \$18 for a bedroom and sitting room. They are desiccated, standardized hutchies as cordial as a county jail, their meals are expensive but awful and their flimsy structures invites fears of havoc should a diesel freighter jump the curb in the dead of night. Cosmetic paint and quaintness are not substitute for honest construction.

IT SHOULD BE ASSUMED that a congressman has a sitting room at home and therefore is entitled to a sitting room on the road. And a reporter who lives in the most modest decency at home should not be expected to hovel himself in a cell with a headless bed down some dingy hall.

Never mind for the moment whose fault it is. Life on the road is insanely expensive. All government allowances for itinerant bureaucrats, even Treasury agents, should be revised upward in common honesty and fairness. And reporters who travel for less than \$60 a day should be brought up on charges by their professional societies.

It was feasible if there was nothing to be done that couldn't be put off till Monday morning.

A worker feeling the strain of an endless succession of hot days featuring blinding sunlight would pray for rain. But with the perversity for which weather used to be noted, the rain would fall only during the night.

If it was still raining at day-break, the rule that rain before 7 meant clear skies by 11 would be put into force and everybody would show up on the job to wait for the clearing. It never failed to work.

Thunderstorms occurred only in the evening.

It was practicable to plan picnics weeks in advance.

All holidays were azure blue, with moderate temperatures.

Kids went swimming every day to get relief from the radiance of the sun.

'Rigged' Conventions

By DAVID LAWRENCE

Will Truman's 'Stop Kennedy' Campaign Work?

What did Harry Truman really accomplish with his "prearranged" blast at Sen. Kennedy?

Did he damage the chances of the front-runner, or unwittingly help the Massachusetts senator?

Did he hurt the chances of a Democratic victory next November if Kennedy becomes the candidate?

The questions outline the dilemma caused by the former President's action in calling a news conference and issuing pronouncements plainly designed to "stop Kennedy."

The former President says he resigned as a delegate because the coming convention seemed to him a "prearranged affair."

The beneficiary of the episode was supposed to be Sen. Lyndon Johnson, and the maneuver has all the earmarks of having been arranged in advance in a desperate effort to halt the progress of the Massachusetts senator.

Mr. Truman, addressing himself directly to Sen. Kennedy over a network of television stations, asked:

"Senator, are you certain that you are quite ready for the country, or that the country is ready for you in the role of President in January, 1961?"

"I have no doubt about the political heights to which you are destined to rise. But I am deeply concerned and troubled about the situation we are up against in the world now and in the immediate future."

"That is why I would hope that someone with the greatest possible maturity and experience would be available at this time."

"May I urge you to be patient? You will recall that I suggested to you at our meeting in Independence (Mo.), that all personal ambitions be put aside and that we all join forces to seek out such a man, who could unite us in purpose and action."

WHAT A CAMPAIGN document for the Republicans if Kennedy is nominated! They will be asking him that same question over and over again.

If he is not the nominee, then who is that "someone with the greatest possible maturity and experience"? Could it be Harry Truman himself, who has already had nearly eight years of experience in the White House plus two terms in the Senate?

He has plenty of "maturity" in years — he is even younger than Adenauer. Mr. Truman, of course, is still eligible under the constitutional amendment which bars President Eisenhower from a third term.

Maybe Mr. Truman didn't have himself in mind, for he omitted his own name from the list of 10 prominent Democrats he endorsed.

Significantly he didn't include Adlai Stevenson.

Presumably the "maturity and experience" gained by the former Illinois governor in two unsuccessful contests for the presidency don't count.

Another inconsistency is Mr. Truman's endorsement of several Democrats who are as young and perhaps, relatively speaking, just as inexperienced as the Massachusetts senator.

As for inconsistencies, they naturally abound in politics. What could be more ironical than to accuse the Kennedy forces of having turned the Democratic National Convention into a "prearranged affair"?

Mr. Truman didn't say it was "rigged," as some of the headlines suggested, nor did he take cognizance of the charges already being made by leading Republicans that the Democrats are about to have a "payola" convention.

IN ALL FAIRNESS, it may be asked, what national convention isn't as "prearranged" as any candidate and his backers can make it. All conventions are made up of pledged delegations and there's no sin in lining up a majority in advance.

What was the inspiration of the Truman barrage? He is, to be sure, close to House Speaker Sam Rayburn, who is managing Sen. Johnson's candidacy behind the scenes.

The former President was the logical man to get the necessary publicity to halt, if possible, the Kennedy movement.

The incident indicates to distinguished observers that Sen. Kennedy is far in the lead and that nobody else has a chance unless the Massachusetts senator is halted on the first or second ballot.

Lots of "prearranging" is being done day and night by various leaders in the Democratic party, including Mr. Truman, to try to get the nomination for someone other than Kennedy.

It's odd to see a veteran politician complaining about the "prearranging" of convention voting.

At this writing, Sen. Kennedy seems likely to be nominated, but this correspondent is aware that sometimes the unexpected happens.

Only last Saturday, with two out in the last half of the ninth inning and the score 6 to 4 against them, the Yankees got home run and four other successive hits and won the game, 7 to 6.

So surprises can happen, especially when the "pros" in the political game grapple with the newcomers, who may prove less skilled than they have appeared to be in the subtle techniques of convention strategy.

Sunshine!

By TRUMAN TWILL

Sunshine used to be a positive problem in summertime.

There was so much of it that lawns turned brown by the middle of July.

Gardeners potted around their flowers with sprinkling cans to keep them growing during the summertime drought.

That was the sunshine problem at worst.

There was another part of the problem that wasn't so bad.

It came about like this:

There was no such thing as short work weeks. People slugged it out six days a week, with Sunday off. The only concession to that tired feeling was no knock off early Saturday afternoon whenever this was feasible.

It was feasible if there was nothing to be done that couldn't be put off till Monday morning.

A worker feeling the strain of an endless succession of hot days featuring blinding sunlight would pray for rain. But with the perversity for which weather used to be noted, the rain would fall only during the night.

If it was still raining at day-break, the rule that rain before 7 meant clear skies by 11 would be put into force and everybody would show up on the job to wait for the clearing. It never failed to work.

Thunderstorms occurred only in the evening.

It was practicable to plan picnics weeks in advance.

All holidays were azure blue, with moderate temperatures.

Kids went swimming every day to get relief from the radiance of the sun.

Looking Backward

FROM THE NEWS FILLS
5 YEARS AGO — Mr. and Mrs. Frank Chepke were hosts at the Borton family reunion Monday.

10 YEARS AGO — The fifth annual reunion of the Phillips family was held Sunday at the home of Mrs. Elizabeth Harris.

25 YEARS AGO — A birthday dinner and handkerchief shower complimented Mrs. Hannah Moore Friday when she was hostess to members of the Just Right Club.

40 YEARS AGO — R. S. McCulloch was re-elected president of the Salem Chamber of Commerce at the annual meeting last night.

The Social Notebook

THE THURSDAY CLUB will hold a swimming party and wiener roast Saturday at the home of Mr. and Mrs. Dale Malmesberry of RD, Beloit.

THE BIRTHDAY of Mrs. Raymond Mellinger was celebrated when Ten After Twelve Club members held a Husbands Night party recently at the Lisbon Road home of Mr. and Mrs. Franz Scott.

Special guests at the event were Mr. and Mrs. Robert White o m b. Game prizes were won by Mrs. Wayne Rozeski, Mrs. Don Palmer, and Mrs. Charles Eichler.

After the games, a wiener roast was enjoyed out of doors.

The Aug. 4 meeting will be in the home of Mrs. Alfred August.

FARM FORUM Advisory Committee members gathered Saturday night in the home of Mr. and Mrs. Richard Stamp of RD 2, Salem.

Mrs. Charles Berger gave the devotion. Richard Stamp was leader of the discussion topic, "How Can We Cut Down Death on Our Highways?"

Mrs. Richard Stamp read "Eight Myths About the Farm Situation" from the Farm Journal magazine.

Reporter from the Women's Committee, Mrs. Richard Stamp reported on the Farm Bureau Women's District Rally to be held Oct. 18 in the Cathedral of Tomorrow at Akron.

The Aug. 6 meeting will be in the home of Robert Stamp of RD 2, Salem.

Spencers Honored On Anniversary

Mr. and Mrs. L. G. Spencer of Damascus were honored at a golden wedding celebration at their home Sunday afternoon at an open reception arranged by their children, Mrs. Paul Bayless and Miss Vera Spencer of Damascus.

There were 150 friends and relatives in attendance from New Castle and Zelienople, Pa., New Orleans, La., Wilmore, Ky., and Painesville, Steubenville, Carrollton, Canton and Lisbon.

The refreshment table cover of gold satin was overlaid with white embroidered nylon. The centerpiece was a four-tiered anniversary cake decorated with a gold bell, hearts and roses and topped with a gold Bible. The cake was a gift from Mr. and Mrs. Ted Steer. A gold tea service, candles and flowers added to the decorations.

Assisting with the serving were Mrs. Leonard Spencer and daughter, Connie, Mrs. Paul Buttermore, Mrs. Merlin Stanley, Mrs. James Krichbaum and Miss Rachel Oesch. Mrs. Curtis Mosher was in charge of the gift table, and Mrs. Laura Talbott registered the guests.

Mrs. Spencer's orchid corsage was a gift from her son, Leonard. A family dinner was served at Aldom's Restaurant in Alliance at noon.

Mr. and Mrs. Charles Loury and granddaughters, Mary, Joan and Kathleen Loury of Youngstown, were Sunday visitors with George Pepperney and his daughter Katherine of W. Wilson St.

Mr. and Mrs. Bruce Ruggles

Johnson, Ruggles Wedding Is Event At Berlin Center

Miss Janet Johnson, daughter of Mr. and Mrs. Walter L. Johnson of Homeworth, became the bride of Bruce Ruggles, son of Mr. and Mrs. Robert Ruggles of Berlin Center, Saturday afternoon in the Reading Church of the Brethren in Homeworth.

The Rev. Jacob Ziegler officiated at the double ring ceremony. The chancel was decorated with palms, ivy, bouquets of summer

flowers and candelabra.

Allen Lockhart sang "Because," "I Love You Truly," and "The Lord's Prayer," accompanied by Ruth Alice Wilters.

Escorted to the altar by her father, the bride was attired in a gown of imported embroidered Swiss organza, styled with a bateau neckline and bracelet-length sleeves. The elongated waistline was accented with a softly tucked taffeta sash. The skirt extended into a chapel train.

Her matching headpiece, trimmed with seed pearls, held her fingertip veil of silk illusion. Her white Bible was marked with a white orchid and Stephanotis.

The maid of honor, Norma Johnson, appeared in a blue nylon sheer gown, styled with a scoop neckline and satin midriff. A matching leaf design bandeau completed her ensemble.

The bridesmaids, Beverly Lockhart, Brenda Ruggles and Marilyn Johnson wore identical gowns of coral nylon with matching bandeaux.

The attendants carried baskets of white and coral daisies. Carol Johnson was flower girl and wore a floor-length dress of white nylon dotted Swiss. Her bouquet was similar to those carried by the adult attendants.

Dana Vickers served as ring bearer. Roger Greenamy was Mr. Ruggles' best man, with Donald Saltsman, Tom Griffith and Walter Greenamy as ushers.

The mothers of the couple were attired in blue lace dresses with white accessories. Mrs. Johnson wore a pink rose corsage, while Mrs. Ruggles' corsage was of white roses.

Reception Is Held

A three-tiered wedding cake centered the refreshment table at the reception in the church social room. Barbara Johnson, aunt of the bride, Martha Vickers, Connie Griffith, Arla Hoffman and L. A. Hoffman served the 300 guests.

Miss Sondra Borton registered the guests from Canton, North Canton, Salem, Youngstown, Alliance, Wooster, Niles, Sebring, and Louisville.

The couple are graduates of Goshen Union High School. Mrs. Ruggles is employed as a clerk by the Ohio Fuel Gas Co., and her husband is employed in the sales engineering department at the DeMing Co.

A wedding trip through the South is planned by the couple. For traveling, the bride wore a two-piece white suit with red accessories and the orchid from her bridal bouquet. Upon their return, they will make their home in Berlin Center.

Mr. and Mrs. Ruggles were the hosts at the rehearsal party Friday evening.

Mr. and Mrs. Abel Miller and family of North Plainfield, N.J., visited his sisters, Mrs. Nelson Baunach of RD. 2 Salem, and Miss Esther Miller and Mrs. Rachel McConnell, both of E. 5th St. over the weekend. Other visitors in the Baunach home were the couple's children, Mr. and Mrs. Virgil Garbarine of Lakewood and Roy Baunach and son, Bruce of Toledo.

Steel Pickup Not Expected for Awhile
NEW YORK (AP)—No significant pickup in steel operations is expected until the summer letdown is past, Iron Age said today.

The national metalworking weekly added, "Automotive and some other major users of flat rolled products continue to be the strong factors in the market."

"Railroads, appliance makers, oil and gas, and home building continue to depress the market with lower than expected orders."

"Steel companies remote from their markets have been hardest hit. Users are filling their orders from mills closest to home to assure immediate delivery, and to eliminate, as far as possible, dangers of carrying small inventories."

"This accounts for the wide variation in district operating rates." The magazine said all hopes of record production this year have faded. The peak was 117 million tons in 1955. At the start of this year estimates of a 125 to 130 million ton year were widespread.

"The absolute best that can be hoped for is 115 million tons," Iron Age said.

Lisbon Girl to Work With Clerk of Courts
LISBON — Miss Betty Marie Wandie, 19, of 209 Maple St. was sworn in Monday by Common Pleas Judge Joel H. Sharp as a deputy clerk of courts.

Miss Wandie is a graduate of Lisbon High School. She formerly worked at Hillyer's store as clerk-cashier.

She will work at the present time in helping with the clerical work in the three county courts, Clerk of Courts Carl Stacey said.

EWOMAN ELECTROCUTED
BOWLING GREEN, Ohio (AP) — A verdict of accidental electrocution in the death of Mrs. Earl Fletcher has raised the holiday weekend toll to 38. Mrs. Fletcher, 48, was killed when a wire from a television antenna she and her husband were removing came in contact with a power line. The accident happened in nearby Wayne on Monday.

Lieder, Marple Vows Heard At Sebring Church June 25

After a wedding trip to Niagara Falls, New York and Canada, Mr. and Mrs. Fred A. Marple are at home to their friends at 875 N. Howard Ave.

Miss Barbara Ann Lieder is a daughter of Mrs. Anna Lieder of N. Howard Ave. and the late Paul Eugene Lieder. Mr. Marple's parents are Mr. and Mrs. Homer Marple of 579 Walnut St.

The couple spoke their marriage vows in a double ring ceremony on June 25 at 2:30 p.m. in Mt. Calvary Assembly of God Church, Sebring. The Rev. Carson M. Marple officiated.

Tapers in candelabra lighted the altar setting of palms, ferns and a large basket of white carnations and gladioli.

Donald R. Mocer sang "I Love You Truly" and "Wedding Prayer." Mrs. Clarice Windland was organist.

Jackie Lee Lieder gave his sister in marriage.

The bride's gown was fashioned of Chantilly lace and net over skimmer satin. Her veil was attached to a bow headband. She carried a white Bible with a bridal bouquet of Stephanotis and pearl hearts combined with a white orchid.

Mrs. Donald R. Mocer was her cousin's matron of honor. She wore a ballerina length dress of baby blue chiffon over taffeta and a white hat with lace trim. She carried a colonial bouquet of shattered white carnations in a frame of pink rosebuds.

Mrs. Jackie Lieder and Mrs. Robert Lieder, sisters-in-law of the bride, were bridesmaids. Both wore mint green dresses of nylon chiffon over taffeta with headpieces of white and green flowers. They carried colonial bouquets of white shattered carnations in frames of yellow rosebuds.

Miss Diana Lynn Lieder, a niece of the bride, was flower girl. She wore a mint green dress with matching headband and carried a colonial bouquet of yellow sweetheart roses.

Homer R. Marple Jr. of Poland, brother of the bridegroom, was best man. Robert Lieder, a brother of the bride, and Jerry Martins, ushered.

Mrs. Lieder, dressed in pink lace over taffeta, and Mrs. Marple in an orange colored dress, complemented their attire with white accessories and corsages of white carnations.

A reception was held in the Masonic Temple. The three-tier wedding cake, decorated with pink roses and pastel green leaves, was topped by a bride and bridegroom figurine.

Kathy Adams, Ruth Sandy, Hannah Garlock, Louise Lewis, Verna

JAYCEE HEAD — The U. S. Junior Chamber of Commerce elected a new national president, Morgan J. Doughton of Lemoine, Pa. It was a unanimous ballot at the St. Louis convention.

Deaths, Funerals

Mrs. Wagner Funeral

Funeral service for Mrs. Bessie Wagner, 72, of Poland, who died Tuesday morning, will be Friday at 1 p.m. at the Davis-Velger Funeral Home in Youngstown.

Burial will be in Forest Lawn Cemetery.

Friends may call at the funeral home tonight and Thursday from 7 to 9 p.m.

Mrs. Milan Dan Rainiak of 913 Barclay Ave., a daughter, is among the survivors.

Lee Saunders

Funeral services for Lee Saunders, 84, former Salem resident and city electrician here for many years, were held Tuesday. Burial was in Grandview Cemetery.

Mr. Saunders died early Sunday morning in Massillon State Hospital.

Survivors include a daughter, Mrs. Paul Dettling of Beach City, three grandchildren and two great-grandchildren.

Frank J. Gentzel

LISBON — Frank J. Gentzel, 73, of 701 Sunset Drive, a former dairy operator and carpenter, died suddenly Tuesday at 11:30 p.m. at his home.

He was born Feb. 8, 1887 in Bellefonte, Pa., a son of Robert I. and Ellen Elizabeth Bartley Gentzel and had lived in Lisbon since 1932, coming here from Youngstown. He operated the Lisbon dairy store till 1947 and has worked as a carpenter since that time.

He was a member of the Junior Order American Mechanics and a former member of the Beaver Falls Methodist Church.

He is survived by his wife, the former Bertha M. Welsh. They celebrated their 53rd wedding anniversary June 26; two daughters, Mrs. Dorothy A. Heintzelman of Columbiana RD 2 and Mrs. Ellen G. Nordquist of Youngstown; one son, Robert Alvin Gentzel of Canfield; one sister, Mrs. Grace McCormick of Beaver Falls, 10 grandchildren and 10 great-grandchildren.

Services will be held Friday at 1:30 p.m. at the Eells-Leggett Funeral Home.

Friends may call at the funeral home Thursday from 2 to 4 and 7 to 9 p.m.

Mrs. Anthony Pappas

EAST PALESTINE — Mrs. Mary Pappas, 48, of 529 E. North Ave., was found dead of a sudden heart attack at noon Tuesday at her home.

She was born in Lisbon March 19, 1912, and was married to Anthony Pappas June 21, 1929. The family came here from Beaver Falls 12 years ago.

Mr. and Mrs. Pappas operated a restaurant. She was a member of Grace Lutheran Church, Eastern Star and the Amaranth Court.

She leaves her husband; her mother, Mrs. John Como of Salem; three daughters, Mrs. Merced Corby and Mrs. Joanne Nelkirk of East Palestine and Mrs. Mary Ann Maple of New Waterford; one sister, Mrs. Geraldine Ewing of Salem; a brother, Joseph Como of Beaver Falls; and six grandchildren.

Funeral services will be conducted at 1:30 p.m. Friday by the Rev. Carl Duwe of the Lutheran Church. Burial will be in Glenview Cemetery.

Calling hours will be held Thursday evening.

On Highway Projects Progress Reported

The Ohio Department of Highways had 28.8 miles of new highway construction underway in the seven counties making up Division 11 at the beginning of July.

According to Division Deputy Director William P. McKenna, the 14 contracts have a total price of 16.8 million dollars.

The report shows that work is 10 per cent finished on the 1.2 mile Horseshoe Gardens relocation of State Route 7 in Columbiana County. And, the 0.8 mile project on U.S. Route 30 west of Lisbon is 99 per cent complete.

The contractor is proceeding ahead of schedule on bridge construction for Route 344 in Leetonia with 27 per cent of work finished.

If you order yakitori in a restaurant in Japan, you get the Oriental version of barbecued chicken.

Cuba

(Continued From Page One)

appropriate departments only a few minutes before the news conference. He said he thought something would be said on this subject either later today or Thursday.

Eisenhower said this country is trying hard to have the Cubans understand that there is no quarrel between the people of this country and them but that the difficulties are caused only by what he called the inexplicable actions of their government.

The discussion came up as Eisenhower was reported prepared to slash U.S. sugar imports from Cuba which have paid big premiums to Cuban growers.

Administration sources said Eisenhower was prepared to act on grounds that Cuba no longer has the needed dependability as a sugar supplier that she had before Prime Minister Fidel Castro took over.

This avoids the implication that cutting Cuba's sugar quota is hitting back at the anti-American Castro regime. Eisenhower has pledged against "U.S. reprisal"—which might not look good to sensitive Latin American republics.

Congress cleared the way for action before adjourning last weekend when, at Eisenhower's insistence, it stayed late to pass a new sugar bill giving him power to reduce the Cuban quota.

Sugar industry informants expected the President to sign the new bill and at the same time proclaim a cut of perhaps 700,000 tons.

This would practically end further Cuban sugar shipments to the United States this year, since Cuba has already shipped all but about 740,000 tons of her 1960 U.S. quota of more than three million tons.

The Agriculture Department Tuesday halted further shipments of Cuban sugar to this country until Eisenhower acts.

Cutting Cuba's quota would be the most severe U.S. action yet against the left-wing Castro government. So far Washington has limited itself mainly to diplomatic protests and public pronouncements against Castro's anti-American activities—only to see Havana swing closer to Moscow.

Under the U.S. sugar buying system, Cuban growers get a premium of about 2½ cents a pound on the sugar they sell to this country. In past years, this has meant a subsidy of about 150 million dollars annually to Cuba.

Trimming Cuba's quota by 700,000 tons could cost Cuban growers 35 million dollars in lost U.S. subsidies. Their loss would be even greater if they are unable to sell their produce elsewhere.

4 Teachers Hired At East Palestine

EAST PALESTINE — The East Palestine Board of Education meeting Tuesday evening, employed four new teachers, according to Supt. T. R. Hersch.

Mrs. Ruth Hannum of Negley will teach kindergarten at the Negley building, succeeding Miss Betty Stoffer who is going to New Waterford.

New teachers at the junior high will be George Tutwiler of Beaver Falls, vocal music, and Mrs. Dorothy Miller of Petersburg, language arts and girls' health.

Mrs. Ruth Longacre of Salem, a recent Kent State graduate, will instruct home economics classes at the high school.

These instructors complete the staff, with the exception of an English teacher at the high school.

The board also discussed two proposed building additions, at the junior high and at the high school, which would be used as additional classrooms to relieve overcrowded conditions.

A final decision on the proposals which would require a bond issue on the November ballot will be made at the July 18 meeting.

Dems

(Continued From Page One)

Medical aid for the aged was named as one of the top issues for the general election campaign by many members of the committee. It was listed along with farm assistance, housing, and federal aid for education and depressed economic areas.

There was a feeling on the part of some members that these matters might overshadow foreign policy questions, despite the collapse of the summit conference and the withdrawal of the invitation for President Eisenhower to visit Japan.

Ohio Edison Strikers to Limit Pickets

YOUNGSTOWN, Ohio (AP) — Local 118 of the Utility Workers of America, which is striking at the Ohio Edison Co. here, announced today it would limit picketing voluntarily at the company's repair shop.

It also said it would man repair trucks in cases where restoration of service is vitally needed.

Both these objectives had been sought in a suit filed in Common Pleas Court by the company. Judge Frank J. Battisti was to have conducted a hearing on the suit Thursday.

A meeting between company and union representatives, scheduled for Tuesday, was not held. The union has called a membership meeting for tonight.

Approximately 500 workers went on strike here at Monday midnight. The key issue is a company proposal to remove a clause in the contract, which bans hiring of outside contractors for work which can be done by O.E. Edison employees or by workers laid off by the company.

The company reports its service has not been affected by the strike.

In Akron negotiations were renewed between the company and the utility workers after a several-hour bargaining session Tuesday. Talks also are scheduled with representatives of the International Brotherhood of Electrical Workers. Contracts with both unions expired at midnight last Thursday. The UWA represents 1,320 in the Akron area and the IBEW 625.

Johnson-Kennedy Ticket Predicted By County Leader

Don R. Gosney of Columbiana, county Democratic party chairman and 18th district party leader, today predicted a Johnson-Kennedy ticket at the Democratic National convention as he and two other county Democrats prepared to leave for the Los Angeles convention site.

"I may be disagreeing with some other Ohio party leaders, but I think Sen. Lyndon Johnson will get the nomination for president and Sen. John Kennedy will be his running mate."

Atty. Guy Mauro of Salem, a member of the county Democratic executive committee, and Maurice Rapoport of East Liverpool, alternate delegate, will join Mr. Gosney, delegate, on a plane flight from Pittsburgh airport Saturday morning at 8. Congressman Wayne Hays, the other 18th district delegate, is flying from Baltimore.

Seek Ouster Of White Officers

LEOPOLDVILLE, Congo (AP) — About 200 soldiers of the Congo army demonstrated for several hours today in front of the infant African nation's Parliament building, demanding removal of all their white Belgian officers.

Other soldiers mutinied Tuesday night in Thysville, 75 miles southwest of the capital, and imprisoned their white officers.

The demonstrators in Leopoldville at one point roughed up the army's Belgian commander, Gen. Emile Janssen, and seized his pistol.

They finally marched back to their barracks after speeches by Prime Minister Patrick Lumumba and other government ministers.

The demonstration was confined largely to the Parliament building and the barracks. Otherwise life in the capital continued much as usual.

There were reports that the rebellious soldiers also want higher pay.

The force has no commissioned Congolese officers. It has been invaluable to the Belgians in maintaining order in this nation, where intertribal quarrelling and killing have existed for years and have flared again in the political uncertainties of independence. The Belgian officers are remaining at the invitation of the Congo government.

Council

(Continued From Page One)

saved by the city doing much of this work for itself.

He also suggested that the \$90,000 proposed to be spent for operation of a trash landfill, traffic controls and storm sewer projects be cut from the program until Council has more time to study the financial program.

He emphasized that wages of city employees and officials should not be increased "for any reason" during the period of the "trial" tax.

Street Closing Studied

It was proposed last night that the closing of Trimble St. be completed at Council's next meeting on the 19th. Councilmen said they would hold a public hearing on that date for all parties interested. The section to be closed is located west of Homewood Ave.

Council heard a petition from property owners bordering on an alley between Rose and Hawley Ave. and running north off State St. asking that the alley be vacated. It runs for 150 feet and is 14 feet wide. It is known as Walnut Alley.

The paving of Columbia St. with blacktop has been set at approximately \$3 per front foot. The work, when it is done, is expected to be completed in part by the city.

However, F. S. Barckhoff, city engineer, has proposed that Council consider advertising for bids for the paving of all city streets surfaced with brick so that one unit price can be established. He noted that the streets could be done then as the city saw fit. This type of program would save the city advertising for bids everytime it chose to resurface another street.

Mr. Barckhoff also reported that his department took in \$143 during June, \$138 of which came from the sale of 31 building permits and \$5 from the sale of five zoning booklets.

Ordinances Approved

Emergency ordinances passed last night included:

A change in a section of an existing ordinance making it possible for the city auditor to pay more than one heavy equipment operator in the service department. James Feller, service director, requested the ordinance after he was told the city could only pay one heavy equipment operator even though several men may have been doing the job. The job pays \$2.28 an hour.

An ordinance authorizing the issuance of bonds in the amount of \$7,500 as the first-half payment toward the purchase of the Knights of Pythias property immediately south of City Hall was also passed as an emergency measure. Council approved the purchase several months ago but has not provided the funds. Total cost of the property is \$15,000.

A claim of \$75 against the city was approved by emergency legislation. It was filed by the U. S. Fire Insurance Co. and by Clara Bishop, who claimed a tree on city-owned property fell against the Bishop home, causing damage. Councilman Harold Asty, chairman of the claims committee, recommended payment.

Utilities Report Heard

Aubrey Hayes, superintendent of

utilities, reported that the six-month total income in the water department is \$88,941 while in the sewer department, it is \$44,128. The monthly income totals are water \$15,662, and sewers, \$7,295. Water usage for the month was 48,618,000 gallons while for the first half of the year it was 372,999,000.

C. S. Tomlinson, parks and recreation superintendent, reported that the income in the Centennial Park swimming pool up to July 4 amounted to \$4,999 compared to \$5,099 during a comparable period in 1959.

He noted the number of bathers using the pool to July 4 of this year was 13,063 compared to 16,008 a year ago. He said the lower figures for this year were due to the cooler temperatures recorded this year.

Councilman Donald Cannon, the head of the street lighting committee, announced the following light installations: Five on Perry St., eight on Franklin, and four on S. Lincoln.

Study Garbage Situation

A further discussion on the city's needs regarding garbage collection and disposal was pressed for last night by Councilman Albert Lesch who asked for an ordinance immediately setting up provisions for the garbage program.

However, he met with opposition in his haste in the matter from both Councilman Donald Cannon and Harold Asty.

Both legislators thought more time should be taken to discuss the issue and work out a manageable program. They said they felt the final motions should come from the committee which had not made a recommendation on the matter yet. Councilman Lesch, chairman of the garbage committee, has been pushing for some action to correct the condition at the city dump for the last several months.

Councilman Lesch also complained about flagrant violations of the speed limits on N. Ellsworth Ave., especially by trucks. He said he clocked one coal truck moving at 70 miles per hour. Mayor Cranmer said the police have set up their speed meter in the area but trucks recognize it and slow down. Lesch also complained about continued parking in prohibited zones.

Mayor Cranmer reported that the street oiling program has been slowed down because of the rain. He also noted that some sort of a "Tarzan" is at work around the city, twisting metal parking sign poles out of the ground. In some cases they are bent, he said.

The Mayor noted that next meeting a weight ordinance for city streets should be ready. He said it is being worked on by Solicitor James D. Primm. Primm was present at last night's meeting.

Leetonia

Della Conkle Is Honored On 84th Birthday

LEETONIA — A family picnic was enjoyed Sunday honoring Mrs. Della Conkle on her 84th birthday at her home north of Washingtonville. The occasion also marked the birthday of Mrs. Conkle's great granddaughter Theresa M. Clunen.

Attending were Mrs. Sylvia Clunen and family, Mr. and Mrs. Sol Hileman and family and Norman Conkle. Other guests were Mr. and Mrs. Joe Killany and family and Mrs. Audrey Balevre and son Robert of Leetonia and Mr. and Mrs. Charles May of Cannelton, Pa.

Mr. and Mrs. John Keyser of Lakeworth, Fla., spent the weekend with his parents, Mr. and Mrs. Howard Keyser of Anglemeyer St.

Henry Klitz of Cleveland spent last week with his brother and sister-in-law, Mr. and Mrs. Harry Klitz, Columbiana Road.

Methodist Youth Fellowship will meet in the church Thursday evening at 7.

Former Leetonia school superintendent Paul Hayes has resigned at Dover to become superintendent at Grove City near Columbus.

Robert J. Clunen USN who is stationed in the Mediterranean area, spent a few days recently in Rome, Italy.

Mr. and Mrs. Joseph Miller of Niles visited her sisters, Mr. and Mrs. Raymond Leonard Sr., and Mr. and Mrs. Ed Gotthardt Monday.

Cletis Kornbau of York, Pa., and Miss Ida Shearer of Loganville, Pa., are visiting his cousins, Mr. and Mrs. Clarence Barnes.

gress to meet his request for higher taxes on gasoline and for an increase in postal rates.

He also mentioned the 700-million-dollar cost of the new federal pay increase—put into effect over his veto—as another factor which will reduce the surplus the administration had forecast in January.

ECONOMY—So far as he knows, Eisenhower said, the fact that steel production is at about 50 per cent of capacity provides the only grounds for predictions by some economists that the country is headed for a new recession.

Actually, Eisenhower said, 50 per cent of capacity today is comparable to 75 per cent a few years ago because of the big increase in production facilities.

Eisenhower said the rate of steel production immediately after the strike settlement early this year was nothing short of astonishing.

As for the general economic situation, Eisenhower said that during April, May and June this year the output of all goods and services was at the rate of 503 billion dollars a year. He remarked also that employment was up by one million in May.

CAMPAIGN — Eisenhower said that at present his only plans for participation in the presidential and congressional election campaigns are a speech at the GOP National Convention in Chicago, the evening of July 26, and a

breakfast there the next morning. But in making that statement he did not rule out possible additional activity in the fall.

NUCLEAR TESTS—Despite difficulties in reaching agreement with Russia, the President said, the United States and Britain should continue to make every effort to come to some understanding regarding a ban on nuclear weapons tests.

NEW PRESIDENT—Eisenhower pledged that his successor in the White House will have his full cooperation in the transition from one administration to the other. The new man, Eisenhower said, will find him ready and willing to discuss all problems facing the nation.

It was the Duke of Wellington who said, "The Lord's Prayer contains the sum total of religion and morals."

Senators Whittle Yankee Lead With 5-3 Win

Senators Tag Loss to Dittmar

3rd Place Orioles
Whip Red Sox 9-4

By The Associated Press
Maybe this isn't going to be such a cinch pennant for the New York Yankees after all. Not when they use three starting pitchers in one game and get beat. And not when they lose two in a row for the first time in more than a month, but find their American League lead whittled to one game.

That's what happened when they were held to three hits by Pete Ramos and Chuck Stobbs, blew 3-0 lead and lost 5-3 in 10 innings at Washington Tuesday night. Art Dittmar, who had won five straight, was tagged for the loss after following Ralph Terry and Bob Turley to the mound.

After dropping only eight of 30 games in June, the Yanks now have lost two of five in July. That's not exactly a total collapse, but both losses were to the sixth-place Senators and they now lead second-place Cleveland, idle Tuesday, by just one game.

They're also just two lengths ahead of the third-place Baltimore Orioles—who rapped Boston 9-4 in the only other game scheduled in the AL—going into the opener of a two-game set at Baltimore to-night. The Indians play six games in five days with Chicago's fourth-place White Sox, beginning with a two-game series at Cleveland.

In the National League, Pittsburgh regained a 4½-game bulge by beating second-place Milwaukee 5-4 in 10 innings after being shut out for eight frames. The Los Angeles Dodgers whipped third-place San Francisco 8-0 behind Johnny Podres' four-hit pitching. St. Louis trimmed the Chicago Cubs 3-2, and Philadelphia beat Cincinnati 2-0 as Robin Roberts came up with a four-hit-

A two-out single by Reno Bertoia and Bob Allison's followup 10th homer beat the Yankees and Dittmar (7-4). The Senators scored in each of the last four frames, tying it on Faye Throneberry's pinch single off Turley with two out in the ninth.

Stobbs (6-2), the long-abused southpaw, won his third in a row, with two perfect innings of relief for his 99th victory in a 14-year career. Only 31, he has lost 122 in that span and hasn't had a winning season since 1953.

Baltimore picked up three unearned runs in the second inning at Boston against loser Tom Brewer (5-7), then clinched it with two runs in the fourth on singles by Marv Breeding, Jackie Brandt, Gene Woodling and Jim Gentile. Chuck Estrada (9-4) was the winner.

Columbian Legion Drops E. Liverpool

Kenny Gallagher tossed his second straight shutout as the Columbian American Legion baseball team defeated East Liverpool 6-0 in a 10th District League game on Tuesday night at Firestone Park.

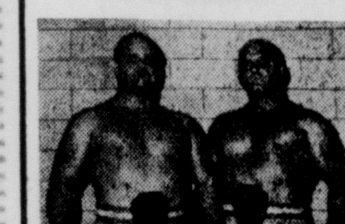

The fireballing righthander limited East Liverpool to just two hits. In his last outing, Gallagher shut Salem out on six hits, 3-0.

Columbian now has six victories and three defeats for the season. The Clippers are 3-3 in 10th District League play.

OUT OF DOORS with Field & Stream

Page 10 WEDNESDAY, JULY 6, 1960

By RUFUS LIDE

I received an interesting letter from a young man living near East Liverpool who enclosed a snapshot of himself, his hound pup and his little niece.

He thinks something ought to be done in the way of live-trapping raccoons, groundhogs, and beavers as he states "so many farmers are complaining."

In order not to embarrass the youngster I will not call him by his full name and let it go as "Chuck."

I am not condemning this young man entirely as some of his ideas are in keeping with good conservation. On the other hand I would like to say to him, treeing and capturing raccoons and removing them to other places is one heck of a good way to train a young hound.

Incidentally the law reads against this and I have no authority to permit anyone to take any animals during the closed season for taking.

FARMERS OR landowners have the right to protect their property any time when wild animals are doing them damage. Strangely, the farmers who he says are complaining have never contacted me regarding nuisance animals.

Before this lad was born, about 35 years ago, I went 'coon hunting many, many nights with excellent hounds without the dogs hitting a trail. To catch 10 or 12 'coon a season was considered excellent hunting and raccoon pelts brought from \$5 to \$10 depending on the size and the way the furs were prepared after skinning.

Now you can take a mediocre hound to most any wooded section or along most any stream and

have a chase going in a matter of minutes.

JUST 10 SHORT years ago the Ohio Division of Wildlife abandoned their raccoon farm at Milan where they used to raise raccoons at the cost of from \$12 to \$24 each for release in the wilds.

It was 10 years ago when I released the last 24 'coon sent into Columbiana County and requested no more be sent in as raccoons were plentiful, generally speaking.

Now since the 'coon hunters are riding the crest of the wave why not leave it that way? Rabbits used to be a nuisance. We never have had too many pheasants and probably will never have pheasants like some other sections of the state.

GROUNDHOGS ARE NOT protected at any time of the year except on Sundays. A target shooter can help the farmer get rid of the groundhogs if he wants to. Only thing the shooter needs is a hunting license although the landowners themselves do not need a license to hunt on their lands.

There will be a trapping season on beavers the first part of January in 1961, according to a news release from the Information and Educational section of the Department of Natural Resources. This will be an excellent chance to get rid of a complete colony of beavers if the landowner wants them taken.

Actually, "Chuck," your problem is nothing to worry about. Isolated cases of nuisance animals can be taken care of by the individuals just like the pioneers did when there were no laws and long before the advent of the game warden. Better talk this over with your dad.

Defending Champ Favored In Trumbull Open Golf Tourney

WARREN, Ohio (AP)—Defending champion Mickey Wright has the favorite's role among the 31 women professional golfers here for the Trumbull Open tournament at Trumbull Country Club's 6,246 yard, par 70 course.

The proamateur medal play competition today serves as a preview to the 72-hole medal play tournament beginning Thursday with the first of four 18-hole rounds—ending Sunday.

Prize money for the tournament, which has attracted both young stars and veterans of the pro circuit, totals \$16,000. That is the big gest bundle of cash ever offered in a Ladies Professional Golf Association event. First prize is \$2,632. There also are a score of amateurs entered.

Miss Wright, who plays out of San Diego, Calif., won the open tournament for women professionals at Alliance, Ohio, last year with a last-day rally in which she turned back the bids of Marlene Bauer Hagge and Muriel MacKenzie.

She proved she is ready for the title defense by repeating as ladies' professional golf champion Monday at French Lick, Ind.

She is expected to get her stiffest competition here from Louise Suggs of Atlanta and Cincinnati, and Betsy Rawls of Spartansburg, S. C., who finished second and third, respectively, in the L.P.P.G. tourney.

Phils Shut Out Redlegs 2-0

Roberts Hurls Win Over Newcombe

CINCINNATI (AP)—An old friend was arguing with veteran Philadelphia pitcher Robin Roberts Tuesday night, saying all a pitcher needs is a strong arm.

"You can't pitch without an arm," Roberts said, "but you need a heart and a head just as much."

Then Roberts went into Crosley Field and demonstrated. He pitched all his strength and guile in a classic pitching duel.

His opponent, Cincinnati's Don Newcombe, once a king of National League hurlers himself.

The winner: Roberts, in a 2-0 shutout.

Roberts was the only Phillie of last year who played Tuesday night. Philadelphia is in a youth movement.

His change of pace and pinpoint pitching was never better. The Reds got only four hits from him and he walked one man.

In one stretch through the eighth inning he set down 19 men in a row.

Jerry Lynch pinch-hit in the ninth, but Roberts just coaxed slumping slugger Frank Robinson to ground into a double play, and got Vada Pinson on an easy in-field bouncer.

Pinson now doubled in the first inning but was caught trying to steal home.

Cincinnati's Wally Post also was caught stealing, after a leaguer single in the second that squeaked Cincinnati's only other possible score. Harry Anderson followed with Roberts' only walk and the Cincinnati single before Roberts' shut down the inning.

Newcombe, on the other hand, a dozen men in a row before Cincinnati's homer, a walk and Don Hoak's home run. The Braves then almost won it in their ninth. Del Crandall tied it with a bases-loaded single, but when Eddie Haas tried to score from second on the hit, he was nailed at the plate by Bob Skinner's peg from right field.

Nelson finally beat Joey Jay (2-5) with his fifth home run of the season, coming after Skinner singled past second baseman Al Dark with two out. Friend saved it for Paul Giel (2-0), getting the last two outs.

Podres (8-6) struck out seven and walked two while beating the Giants. He ended Willie Mays' hitting streak at 19 games. McCormick (9-5) was beaten in the fourth when Junior Gilliam doubled, went to third on an error and scored on a wild pitch—the Dodgers' first run off the Giant lefty in 22 1/2.

An eighth-inning triple by Bill

Pirates Defeat Braves 5-4; Dodgers, Cardinals Win

By The Associated Press
The way the top clubs are using starting pitchers in relief these days, you'd think it was the final week of the pennant race in the National League.

Even the first-place Pittsburgh Pirates have fallen into the trend, calling on Bob Friend for a save Tuesday night as they beat Milwaukee 5-4 in 10 innings on Rocky Nelson's second home run for a 4½-game bulge over the second-place Braves.

The Pirates, shut out for eight innings, hadn't called on a starting pitcher for relief all season. But it's nothing new among the Braves or the third-place San Francisco Giants.

Mike McCormick, making his fourth appearance in six days, was no match for southpaw Johnny Podres, who allowed just four hits as Los Angeles whipped the Giants 8-0. St. Louis defeated Chicago's Cubs 3-2, and Philadelphia beat Cincinnati 2-0 behind a four-hitter by Robin Roberts.

In the American League, Washington trimmed New York's lead over idle Cleveland to one game by beating the Yankees 5-3 in 10 innings. Second-place Baltimore moved within two games of the top with a 9-4 victory at Boston in the only other game scheduled.

The Pirates racked Carl Willey's six-hit shutout with three runs in the ninth on Nelson's leadoff homer, a walk and Don Hoak's home run. The Braves then almost won it in their ninth. Del Crandall tied it with a bases-loaded single, but when Eddie Haas tried to score from second on the hit, he was nailed at the plate by Bob Skinner's peg from right field.

Nelson finally beat Joey Jay (2-5) with his fifth home run of the season, coming after Skinner singled past second baseman Al Dark with two out. Friend saved it for Paul Giel (2-0), getting the last two outs.

Podres (8-6) struck out seven and walked two while beating the Giants. He ended Willie Mays' hitting streak at 19 games. McCormick (9-5) was beaten in the fourth when Junior Gilliam doubled, went to third on an error and scored on a wild pitch—the Dodgers' first run off the Giant lefty in 22 1/2.

An eighth-inning triple by Bill

New Alexander Drops Hanoverton 6 to 1

Young Randy Engle tossed a three-hitter to lead New Alexander to a 6-1 victory over Hanoverton in a United Baseball League game played Tuesday night at New Alexander.

Bill McGranahan was charged with the loss.

The victory for New Alexander was its sixth in eight games and left it in second place behind league-leading Augusta.

Mile Branch, Purity Win Other Class A Games

Marks Comes From Behind to Drop Lincoln Machine 9-5

Marks Landing padded its Class A Softball League lead to a game and a half by virtue of a 9-5 victory over runner-up Lincoln Machine Tuesday night at Kelley Field.

In other Class A action last night Mile Branch Grange topped Theron's IGA 8-5 and Purity Dairy won by forfeit from Eagles.

Marks Landing was forced to come from behind in the late innings to subdue a strong Lincoln Machine team. Marks tallied five runs in the last two innings, all without the aid of a hit.

Trailing 5-4 going into the sixth, Marks took the lead by scoring two runs on a walk, hit batsman, a sacrifice, fielder's choice and a sacrifice fly. Four walks, a fielder's choice and an infield error sent home three insurance markers in the top of the seventh.

JUDGE GUILER relieved starting pitcher Don Fife on the mound for Lincoln Machine with one out in the fifth. He bailed Fife out of trouble that inning, but his usually sharp control went sour in the final two frames and he got tagged with the defeat.

A Lincoln Machine win would have elevated that club to first place. Marks is responsible for two of Lincoln's three losses this season. Marks Landing has lost only to Purity Dairy in 11 games.

Gene Logue was the winning pitcher for Marks. He gave up seven hits. King collected two triples and walked twice in four trips to the plate for Marks. Bill Odorizzi slugged out a single, double

and triple for the losers.

ED SHONK pitched and batted Mile Branch Grange to its 8-5 win over Theron's IGA. Besides hurling the seven-hit victory, Shonk had a perfect three for three at the plate.

One of the seven hits off Shonk was a two-run homer in the first inning by Rummell.

Theron's hurler, Murph Sosbe gave up only six hits but he had seven big errors committed behind him.

Purity Dairy had a 10-1 lead over Eagles in the bottom of the fourth inning when Umpires Tom Nedelka and Leroy Votaw forfeited the game to Purity after charging Eagles with "making a farce of the game."

Wayne Krabill and Chuck Henderson each had hit homers for Purity Dairy before the game was forfeited. Eagles committed 11 errors in four innings.

rors in four innings.

All-Stars Stigman, Wynn Open Tribe-Chisox Series

CLEVELAND — Two pitchers named by Manager Al Lopez to the American League All-Star squad will oppose each other tonight when the Cleveland Indians and Chicago White Sox open a six-game series.

Starting for the Indians will be Dick Stigman, 24-year-old rookie southpaw who has won four games and lost four. He will be seeking

his third straight victory as a starter. In his last two starts he went the distance against the New York Yankees and Baltimore Orioles, giving up only four hits to the Yankees and six to the Orioles.

Early Wynn, 40-year-old right-hander, will open for the White Sox. He was the winningest pitcher in the major leagues last season with 22 victories, but his record this year is only 4-6.

He holds the only shutout against the Indians this year. He beat them 4-0 on five hits here May 15, but lost to the Tribe in Chicago on May 30.

After games here tonight and Thursday night the two teams go to Chicago for four games, including a doubleheader Sunday.

Stigman also may face the Sox again before the break for the two All-Star games. He is tentatively scheduled to start in one game of Sunday's twin bill.

Jim Perry is scheduled pitch Thursday night and Gary Bell Friday night. Bell also was named to the All-Star squad.

The Indians tonight will be seeking to stretch their winning streak to six games, the longest of the season. Twice before they were halted after winning five in a row.

The second-place Indians enter the series with a lead of four and a half games over the fourth place White Sox. Chicago must win all six games to overtake the Tribe in the pennant race.

Massillon Basketball

Coach Steps Aside

MASSILLON — Bob Greenwood, head basketball coach at Massillon high for the last two years, was relieved of his athletic post yesterday by the Board of Education.

Greenwood, who coached six years at suburban Orange High in Cleveland before taking over at Massillon, was asked to step down because he was "too powerful and too influential and interfered with the football program."

The Massillon board acted on the recommendation of Athletic Director Leo Strang and Supt. of School L. J. Smith.

Greenwood has a teaching contract as a physical education instructor and plans to honor that contract. His teams at Massillon compiled two of the Tigers' best back-to-back seasons since Paul Brown with 28 wins and only five defeats.

Sports Glances

By DICK BRAUTIGAM

Followers of Leetonia High School football fortunes seem to be in general agreement that Pat Mancuso is wise in his decision to pull up stakes in his hometown and move on to a new coaching challenge at Princeton High in Sharonville, O.

Although Pat has an outstanding reputation among most of his brothers of the coaching fraternity, he has had something less than sensational success as head coach at his alma mater over the past five seasons.

Just last summer he was elected president of the reorganized Columbiana County Coaches Association. Salem's departing coach, Earle Bruce, on numerous occasions has commented on the Leetonia mentor's fine knowledge of the game.

Still, the record of 17 wins, 25 losses and three ties that Mancuso-coached teams have posted over the past five seasons is something less than most Leetonia fans had hoped for and worse than many had expected.

Because Pat is a home town boy, most fans have hated to see him as a losing coach as much as they have fretted over the Bears dropping most of their games.

THE ONLY WINNING season during Mancuso's five years as coach at Leetonia was in 1956 when the Bears posted a fine 7-1-1 mark. They dropped to 1-8-0 the following year and posted 3-5-1 marks in each of the last two seasons. His first Leetonia team in 1955 had a 3-6-0 mark.

Mancuso took over for Bob McNea whose 1954 outfit had copped the Tri-County League championship with only a 14-14 tie against Sebring to mar an otherwise perfect season.

Mancuso himself was one of the sparkplugs during a delightful era when Leetonia was known as the "Little Massillon" of Ohio football.

Pat was a star end on the 1945 Chuck Mather coached team which was the last Leetonia squad to chalk up a victory over Salem. The Bears had a 9-0-1 record that season and Mather was named Class A "Coach of the Year."

When Pat says he hates to leave this area, we're sure he means it. His many friends here wish him all the success in the world at Princeton High and a speedy return to the coaching ranks in north eastern Ohio.

We know Pat would like that, too.

THERE NO DOUBT are several reasons why Leetonia football isn't what it used to be, but probably the main reason is that other area schools gradually caught up to the Bears in developing talent.

During the unbeaten seasons of 1944 and 1945, Leetonia played teams like McDonald, Austintown Fitch, Goshen, Carrollton and Canfield — all of which were at that time pushovers for the then lead Bears.

Leetonia usually had just one or two big games on its schedule and never had much trouble getting "up" for a team like Salem.

Now the Bears are the only Class A school in the strong eight-team Tri-County Athletic League. Almost every game on the schedule is a tough one. There are few breathers.

IT'S HARD to compare material of one year with that of another but the names of Mancuso's teammates at Leetonia High in 1945 are still synonymous with fine football in this area.

The recent day Bears have turned out their Lou Altomares, Bob Peets and Bob Osterlings, but they all played on teams which had no where near the remarkable array of talent the 1945 squad possessed. Some of Mancuso's running mates that year were Guy Bellepe, Sammy Stumpo, Larry Duco, Freddie Dominic, Jim Driscoll, Dale

Klingensmith, Bob Kornbau, Lee Todd, Jim Grindle and Jack White. We can't help feeling that with that type of talent to work with Pat Mancuso might have been a modern day Chuck Mather at Leetonia.

When Pat says he hates to leave this area, we're sure he means it. His many friends here wish him all the success in the world at Princeton High and a speedy return to the coaching ranks in north eastern Ohio.

We know Pat would like that, too.

The Doctor Says

By HAROLD THOMAS HYMAN, M.D.

Use Caution When Reducing

If you're planning a summer campaign to get rid of some of that blubber you took on over the winter, I've a few words of caution.

Dr. R. T. Hyman

1. Don't diet too strenuously. After a few days of living almost exclusively on your own fat you'll begin feeling weak, irritable and perhaps headachy.

2. Don't lose too much weight too rapidly. The reason you're apt to look too scrawny if you don't give your tissues a chance to adapt themselves to your new proportions.

3. DON'T PLACE too great reliance on drugs.

The effects of safe doses of appetite-killers are primarily in your

mind. The effects of larger doses may include harmful side reactions like nervousness, restlessness, sleeplessness, and palpitation from speeding of your heart rate (tachycardia).

If then you begin taking tranquilizers or sedatives to calm yourself during the day, and sleeping medicine to offset nocturnal insomnia, you're just asking for trouble.

By the same token, if you overdose with thyroid, you're no wiser than the motorist who races along the highway in a rattling jalopy.

AND IF YOU think you can get the most weight loss with the least by-effects by swallowing a shotgun

preparation that combines appetite-killers, thyroid, tranquilizer and sedative, you're behaving like the aforementioned motorist who, after being warned, tries speeding with his brakes set.

Finally, if you're succeeding too well (losing too rapidly, losing on a diet that's not particularly low in calories or losing on a diet that didn't work once before), better make sure you're not suffering from some wasting disturbance: sugar sickness (diabetes mellitus), hyperthyroidism or even a hidden malignancy!

ONE WAY to find out for yourself (or to help your doctor find out if you plan to consult him later) is to resume your regular diet for a few days.

If you start to regain some of the lost weight, you can be pretty sure you're in the clear.

Otherwise, you'd better collect night and morning urine specimens and take them with you when you visit your doctor.

For a copy of Dr. Hyman's leaflet, "How to Combat the Common Cold," send 10 cents to Dr. Hyman, care of The Salem News, Box 489, Dept. B, Radio City Station, New York 19, N.Y.

Zepernick Attends

Civil Defense School

Harmon E. Zepernick, 658 7th St., staff assistant, 3rd Area Headquarters, Ohio Adjutant General's Civil Defense Office with headquarters at Alliance, attended a course on American Legion elements of civil and defense mobilization given in the Staff College of the Office of Civil and Defense Mobilization at Battle Creek, Mich., June 27-July 1.

The course, presented by OCDM officials, emphasized the civil defense responsibilities of state, county and city officials for carrying out emergency operations in the event of enemy attack or natural disaster.

Special attention was given to the importance of advance planning to make the fullest use, under government direction of all resources, facilities and manpower in an emergency.

Marriage Licenses

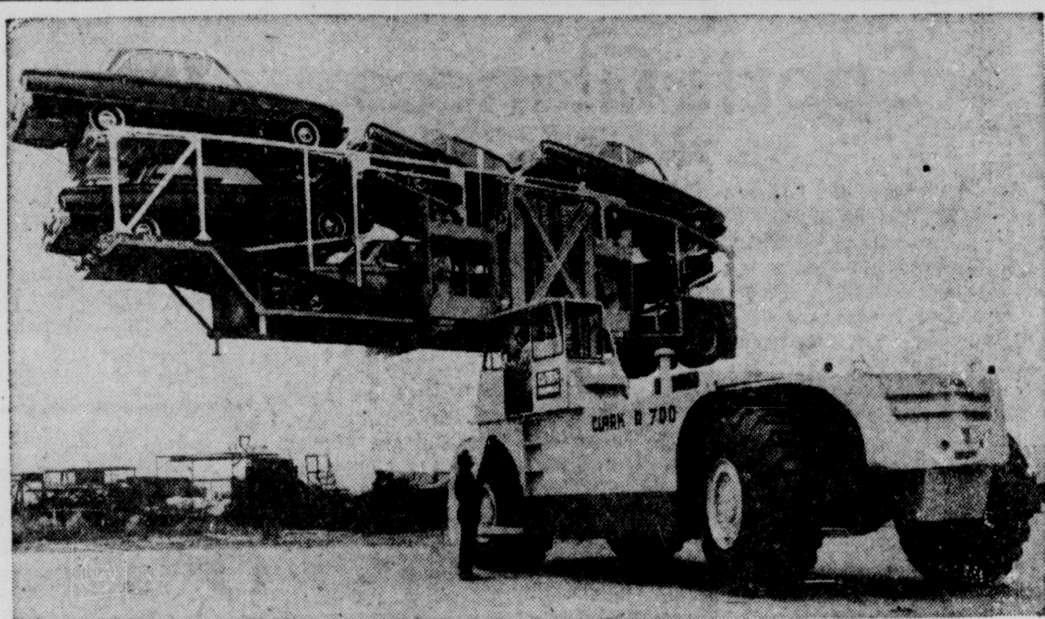

Robert Lipp, 19, potter, East Liverpool, and Carol Marie Snay, 18, Hanoverton.

Donald Franklin, 23, mill worker, and Delores Carter, 22, domestic, Wellsville.

George R. Todd, 25, Rogers, truck driver, and Mary E. Manning, 26, secretary, Rogers.

MAILBOXES DAMAGED

The sheriff's department is investigating the damage, apparently by firecrackers, of two roadside mailboxes. They belonged to Dr. Paul Corso of the Albany Rd. and William D. Ogilvie of Blazer Lane, East Liverpool. Postal authorities also are checking.

LARGEST FORK TRUCK MADE — Lifting six cars is easy for this fork truck in Battle Creek, Mich. That's less than half a full load for the truck, largest of its type. It will be used for heavy lifting operations at steel mills, lumber yards and the like.

Inside Labor By Victor Riesel

Thundering dynamite blasts have been heard by some of us over the political uproar proving that goons never take a holiday and are doing business as usual while the country is fascinated by the presidential sweepstakes.

There's a bloody war on the labor front in and around Tampa, Fla., these days which has rolled up 50 cases of violence ranging from exploding walls, heaving Molotov cocktails, flying sections of concrete, early morning arson, face slappings by razors and some major assaults.

Bombs bursting at night and daytime a m b u s h e s have centered upon Florida's biggest construction complex known as Cone Brothers Contracting Co.

An organizing strike by the Teamsters and Operating Engineers started there early in June.

Of course, there is no knowledge of the identity of the dynamiters, slingers, or wielders of lead pipes, rubber hoses and clubs.

There is no evidence linking any one or any of the parties involved to any of the destruction.

There was, for example, the early morning blasting of a concrete wall of a new supermarket where materials were being supplied by Cone Bros. subsidiaries. That was on June 21.

THE NEXT MORNING a Teamsters Union official called the police to report that he had found a bomb made of six sticks of dynamite wrapped in a newspaper outside the union headquarters.

It was dark when he found the explosive. He did give a fine description of man he said fled — the union officer approached. The introducer in the dark, according to the Teamster, wore a red cap, light shirt and work pants.

That bundle of dynamite did not

go off as did the ones which blasted a Cone Bros. dragline.

This cost the company more than \$25,000. Now we don't know who could have thought of such a dastardly thing but whoever is toying with matches apparently has overplayed his grubby brass knuckled hand.

He, or they, whoever they are, won't of course come out of the night. But they appear to have made history with their bombs, if not with their clubs and flame throwers.

They may have pushed people around just once for often.

Now I hate to disappoint Jimmy Hoffa. But that history was not made by his oration before 3,000 men when he flew into Tampa on June 14.

That night he told them the Teamsters were ready to spend \$10,000 a week to win the strike — peacefully, of course.

That history was made by those mysterious men of the night whose blast made a federal case of the whole matter.

Those unidentified men may not have been aware of it, but it is now federally illegal to dynamite someone else's property during a labor dispute. This established under the anti-bomb section of what is known as the Civil Rights Act.

AN AMENDMENT to the law by Rep. William C. Cramer of the Tampa area established this last year. Now Cramer has written to FBI chief J. Edgar Hoover and has consulted with Justice Department, criminal division head, Malcolm Wilkey.

The congressman wants a federal probe of the dynamiting. This would be the first time the act has been applied in such a case.

"Bombings in labor disputes," said Cramer, "are as dangerous to life, limb and property and are as abhorrent to a law-abiding community as are bombings of churches and schools."

The angry Congressman told me it made no difference whether the dynamiters and their purpose were unknown.

He wanted them probed and stopped "before innocent bystanders as well as participants to the dispute are killed or injured and further property destroyed."

The Justice Department now is determining whether the dynamite was transferred across state lines. Mere transportation with intent to use is punishable by prison and fine.

If there is personal injury, the punishment fits the crime with a 10 year sentence and/or a \$10,000 fine.

If anyone is killed, the death penalty is possible.

Now is the time for Jimmy Hoffa and the company to offer a reward for tips leading to the capture of the cuprits. That would make even more history.

Farmers to Discuss Swine Management

Current developments in swine management and disease control will be discussed at the meeting of the Columbiana-Mahoning swine meeting Thursday beginning at 7:30 p.m. at the Leonard Lowmiller farm, Minerva Rd. 2.

Herbert Barnes, animal science specialist at Ohio State University, will be the principal speaker for the event.

LISBON BENEFIT SET

LISBON — A public benefit will be held Saturday at the Lehman garage, 42 N. Park Place, by the Lisbon Central Democratic Women's Club, according to Mrs. Mary Mellon, president.

Mr. and Mrs. Raymond Rohrer of 752 Newgarden Ave. have received the following address for their son: John F. Rohrer, AN3, Maint. Office, FLEUTRON 8, Navy 1506, c-o FPO, New York, N.Y.

Carl R. Linder

Carl R. Linder, son of Mr. and Mrs. Carl A. Linder of 163 Hawley Ave., recently was cited as the most outstanding recruit at the U.S. Naval Training Center at Great Lakes, Ill.

Linder, who entered the Navy April 14 for a four-year hitch, was awarded the American Spirit Honor Medal by Marine Col. Clyde R. Nelson, reviewing officer. Linder is now attending Hospital Corpsman School at Great Lakes.

Mr. and Mrs. Raymond Rohrer of 752 Newgarden Ave. have received the following address for their son: John F. Rohrer, AN3, Maint. Office, FLEUTRON 8, Navy 1506, c-o FPO, New York, N.Y.

Rotarians Awarded Attendance Pins

More than 100 attended the 24th annual lawn party for Rotarians held at the Highland Ave. home of R. S. McCulloch Sr. Tuesday noon.

Perfect attendance pins were presented to Tom E. Miller, 25 years; Ray Pearce, 21 years; Dr. Fred Crowgey and J. R. Stiver, 7 years and Russell Gibbs and William E. Young, two years.

Walter Everett, export manager of the Deming Pump Co., was main speaker. He pointed out the stiff foreign competition currently being encountered by his firm in its efforts to expand its sales on the foreign market.

Biggest competitors are the West German producers, he said, noting that labor and production costs are his firm's chief deterrents in competitive bidding.

County 4-H Dairy Club To Meet Next Tuesday

The July meeting of the county-wide 4-H dairy club will be held Tuesday, beginning at 8 p.m. at the Ed Serafy farm near Wells-

ville, according to Joseph Burger, county extension agent in 4-H work.

In addition to a farm tour, the dairy club members will hold a practice judging session and also will view a fitting and showing demonstration.

These countywide dairy club meetings are open to all 4-H members, advisers and parents who are interested in dairying. Burger said.

Farm and Home Group Plans Friday Session

Monthly meeting of the Farm and Home Development Group will be held Friday at 8:30 p.m. at the James Rhodes farm at Winona.

The program will consist of a farm and building tour, film and short discussion. Farm and home development members and families are invited to attend, according to Don Myers, county extension agent in agriculture.

With The Patients

Lynn Wolford of RD 3, Salem, has entered Crite Hospital in Cleveland for observation.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: We are terribly concerned about Grandma. She is 83 years old, in good health, and her mind is sharp as a tack. This woman has an amazing amount of energy and she keeps a schedule that would put a much younger woman to shame.

The trouble is her eyesight is failing fast and she drives like a hot rod. We all live in fear that she'll hit someone or get into a bad accident.

Whenever we plead with her to drive more carefully or let someone else take the wheel she says: "Don't worry about me, I've been driving for 40 years." She has, it's true, but this doesn't make her a good driver.

Grandma has had half a dozen minor accidents since the first of the year and her astonishing luck can't hold out much longer. Please suggest something.—WORRIED.

Dear Worried: Insist on accompanying Grandma to the eye doctor for a checkup. Clue in the doctor in advance about Grandma's driving and ask him to tell her that she cannot drive any longer.

Explain to him that this may be a matter of life and death not only for her but for innocent pedestrians and other motorists.

Too Late Smart

Dear Ann: What's so smart or special about being "The Other Woman?" Here is a practical evaluation by one who has lived the role not once, but twice.

A wife has security, respectability, legal rights and she can be a mother. "The Other Woman's" life is built on flowing waters and shifting sand. If her status is discovered, she's considered "a loose, predatory female" (or worse).

She has no legal rights and, of course, motherhood is out. In addition to this, she must sneak around using side doors and back alleys.

This may be exciting for an 18-year-old but to a mature woman it's degrading.

A wife can have moody, a toothache, or she can stay in bed till noon with a hangover. "The Other Woman" is usually a working girl and nobody can cover up for her.

She'd better be at her desk the next morning, no matter what kind of night she had.

The age-old pastime of discussing your man (the most fun women have) is out for her. What could she tell?

Nine out of 10 "Other Women" know deep in their hearts they'll never get that precious wedding band out of a guy who has a wife. She's a piece of property, acquired as a luxury, and will surely be disposed of when she becomes a nuisance. — HOUSTON HILDA.

Dear Hilda: So what's new?

Post Office Pens

Dear Ann: The sign which was delivered to you recently came from me. Please print the contents of the sign in your column for the benefit of the woman who wanted to know if taking pens from the post office was stealing.—BILL.

Dear Bill: The sign arrived and I am relieved to know where it came from. Thanks for taking the trouble to send it. I am pleased to print the message.

THE BALL POINT PENS PLACED ON THIS DESK FOR YOUR CONVENIENCE ARE THE PROPERTY OF THE U.S.

POST OFFICE DEPARTMENT PENALTY FOR THEFT IS \$500 FINE AND - OR ONE YEAR IN PRISON.

P.S.: I guess THAT settles it.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Questions and Answers

Q - What were the so-called Higley cents?

A - In 1737, John Higley of colonial Connecticut, using copper from his own mine, coined several varieties of three-penny tokens. Though unofficially struck, they are considered the first copper coins minted in colonial British America.

Columbiana

Wilmer Yarians Feted On 50th Anniversary

COLUMBIANA — About 200 relatives and friends of Mr. and Mrs. Wilmer Yarian attended the open house reception Sunday in honor of their 50th wedding anniversary. Those present from a distance were their daughters, Mr. and Mrs. Samuel Lindner and family of Cincinnati, Rev. and Mrs. Ed Yost and family of Falls Church, Va.; and Mrs. Jennie Hum of Lakewood and Miss Sylvia Hoffmaster of Struthers.

A tape recording greeting from New Guinea by their daughter and family, Rev. and Mrs. Ralph Goldhardt was played. The Goldhardts are missionaries in New Guinea.

TWO COLUMBIANA SISTERS

are scheduled to leave Monday for Bainbridge, Md., to start their three-year terms of service in the WAVES, which they recently joined. Daughters of Mrs. Roberta Budd of W. Park Ave., they are Miss Maureen Budd, 1958 graduate of Columbiana High School and Miss Shirley Budd, 1960 graduate.

Fellowship Class of Grace United Church held an outing Sunday

afternoon at the home of Mr. and Mrs. James Russell. Committee for the event included Mr. and Mrs. Fred Ward, Mr. and Mrs. Dick Weber and Mr. and Mrs. Robert Bott.

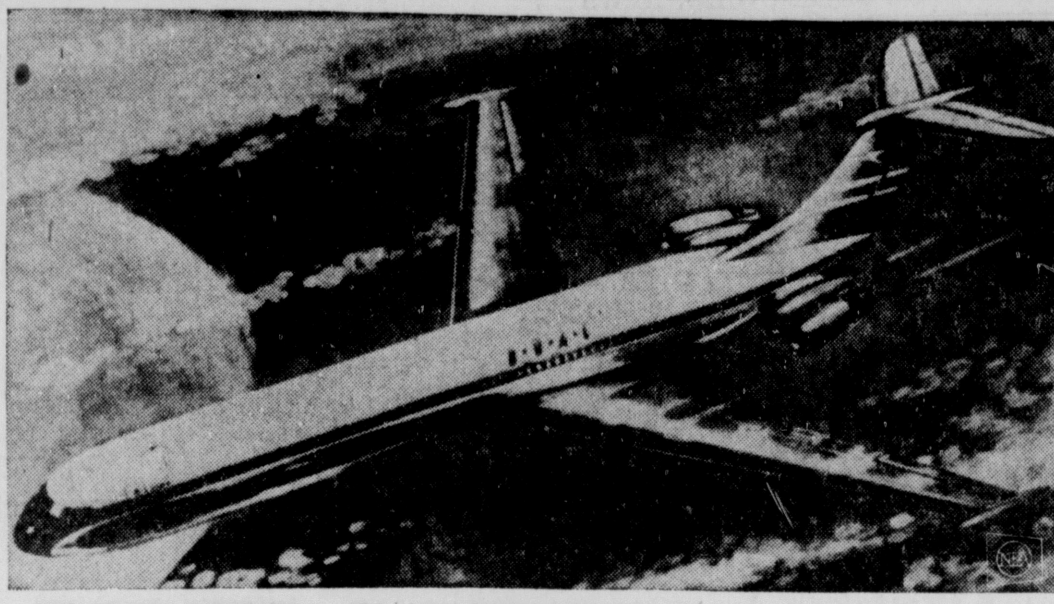

COMMANDER Albert Hayes announced today that American Legion Post 290 is seeking a manager for the refreshments stand it operates during the annual September street fair. Legion members interested in the paid position are asked to get in touch with Hayes.

Next meeting of Post 290 will be Monday evening, July 11, when department convention resolutions will be discussed. The post expects to have a large delegation at the convention July 21-24 at Columbus. Columbiana Rotary Club, which did not meet this week because of the holiday, will have a "Meet Your Board" meeting next Monday evening at Valley Golf with the new slate of officers, headed by L. A. Way Jr., presiding for the first time.

Mr. and Mrs. Donald Warren of Youngstown have purchased the Lawrence Davis property on West St.

Mr. and Mrs. Arthur Hickman have returned from a two weeks vacation trip spent at Holden Beach and Fort Bragg, N.C.

Mr. and Mrs. Wayne Sittler are the parents of a daughter born

THE QUIET SUPERJET — This is a drawing of the British Super V.C. 10 jetliner which will be able to carry 212 passengers. B.O.A.C. has ordered 10 planes from the Vickers-Armstrong company for 1965 delivery at a cost of \$70 million. Its makers claim it will be quietest jet.

Here We Go Again...

By HAL BOYLE

NEW YORK (AP) — American tourist remarks that people of foreign countries get tired of hearing:

"This is a nice-looking little country. Is it paid for?"

"Now that you people have got hard roads, when are you going to take a chance on modern plumbing?"

"Don't bother to ask if it's okay to take her picture. She probably wouldn't know what you were saying anyway."

"Yeah, it's nice as cathedrals go, but I thought the one in the last town had more real class."

"Don't tell me you're out of ice. Go freeze a pond. Go do anything. But don't come back without ice."

"What kind of a country is it anyway, where fellow can't get a simple thing like ice?"

"George, take me back to the hotel this very minute. I can't stand hearing any more of this foreign gabble."

"I don't care how poor they are. If they had any pride at all, they wouldn't let their kids go around in such rags."

"Why do you just stand there and keep saying 'No comprehend'?"

"Anybody who will just listen ought to be able to understand the kind of English I'm using with you."

"Never mind the museum. How about showing us something that will keep us awake?"

"Well, Ethel, I guess we been in this country too long already. Some of the natives are beginning to look almost intelligent."

"Gee, what funny looking monies. What do they use it for—wall paper?"

"Hiya, Jo-Jo! Take me to your leader."

"Well, if you don't have any hot dogs or hamburgers, what do you have that is fit to eat?"

"Sure, I'll admit the view is fine up here. But tell me, what do you do for laughs?"

"The real trouble with a lot of these jokers is—they never had to meet a payroll."

"Don't give her money, Ethel. She'd probably much rather have a package of chewing gum to take home to her kids."

"Yes, it is picturesque — but everything seems so terribly, terribly dirty. If you pulled out a bar of soap, you'd probably start a panic."

"They could tell we're Americans. Otherwise, I'll bet you I could get this same room for a week—instead of a day—at the same price."

Ravenna Man Arrested On Gambling Charges

RAVENNA, Ohio (AP) — Portage County Prosecutor George E. Martin and sheriff's deputies raided two truck stops Tuesday night, seizing two pinball machines and three punchboards. The manager of the Cloverleaf Truck Stop on Ohio 14 in Streetsboro, Alfred Rucchi, was arrested and charged with possession of a gambling device.

POLICE CHIEF RESIGNS

CLEVELAND (AP) — William Baur, chief of police in nearby Cuyahoga Heights, is resigning Aug. 1. He is 65 and has been chief since 1944. Prior to that he served 12 years as marshal, an elective post.

Bond Forfeits At Lisbon Total \$170

LISBON — A total of \$170 in bonds was forfeited Tuesday by 11 motorists. Ten were for speeding in a traffic radar check conducted by the State Highway Patrol on Route 45, north of Lisbon. Bonds were posted with County Judge James L. MacDonald.

Posting \$15 bonds each were: Mervin G. Devers, 20, of 433 N. Ellsworth Ave., Salem, Loren T. Hought, 35, of Bedford, Charles Molinets Jr., 43, of Wickliffe, Richard L. Shockey, 20, of Cuyahoga Falls, Patricia A. Saxon, 21, of Cleveland, Harold S. Ludwick, 22, of Perry, Russell Dale Johnson, 37, of Fowler, Benjamin L. Sherman, 33, of Smiths Ferry, Pa., William E. Myer, 27, of Paden City, W. Va., and Robert L. Wade, 22, of Kent.

John F. Kook, 19, of Warren, forfeited \$20 bond when he failed to appear for hearing charged with crossing yellow line in hazardous zone. He was cited by the Patrol.

Report On County Jail Submitted by Sheriff

LISBON — Sheriff Russell J. VanFossan reports a total of 38 prisoners were received at the county jail during June, in addition to the 22 already confined as of June 1.

Thirty-two prisoners were released during the month and one mental patient was conveyed to a state hospital.

There were 173 visitors at the jail during the month.

A total of 2268 meals was served during June for a cost of \$856.74 making the average daily cost per prisoner \$1.13.

The sheriff's department served 273 papers, handled 7167 radio transmissions along with 1295 phone calls at the jail.

The sheriff's office in the courthouse accepted 70 sets of fox fees for bounty during the month and fees totaling \$534.58 were collected.

Darlington Clay Co. Office Burglarized

LISBON — The theft of approximately \$45 in change from the soft drink machine and secretary's desk at the Darlington Clay Company, east of Negley, sometime between Sunday evening and Tuesday by the sheriff's department.

Chief Deputy James Miller said he could find no forceful entry to the building but an estimated \$15 was taken from the pop machine and \$30 from Darlene Crawford's desk.

Raymond Newell, an employee, reported the theft.

MAN BURNED TO DEATH

CLEVELAND (AP) — A young man was burned to death early today by a fire believed touched off by an explosion at the Blue Flame Pizza. The victim was identified tentatively as Kenneth Sapp, about 25 or 30. He was thought to be the manager of the eating place, which opened only a month ago.

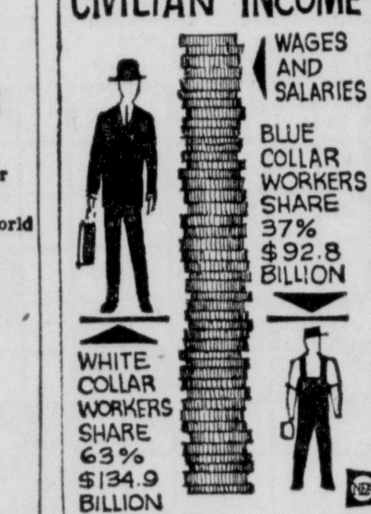

Fire officials found a 5-gallon can of gasoline, which they said could have been used for cleaning, in the charred wreckage. Damage was estimated at \$2,500.

PRELIMINARIES APPROVE

CANTON, Ohio (AP) — Preliminary approval has been given to Canton's \$8,590,829 budget for 1961 school operation. The Board of Education Tuesday night authorized the budget to be sent to the Stark County Budget Commission for certification.

If approved, it will be returned to the school board for final approval before spending of funds can start in January. The new budget calls for an increase of 1.3 per cent over the 1960 figure.

CIVILIAN INCOME

WORKING PEOPLE — White collar workers have become the dominant branch of American wage-earners, statistics show. They now earn 63 per cent of all wages and salaries paid to civilians. Their income jumped 60 per cent during the 1950s. Blue collar workers' share dropped from 40.9 to 37 per cent. This was due entirely to decline in the number of workers, as blue collar wages actually increased some 29 per cent. Data from the Institute of Life Insurance.

The Kentucky FRIED CHICKEN
No. 1s ED 7-9916

FOR SHOOTING IN THE DARK — Dr. H. Marvin Pollard of the University of Michigan shows a tiny camera which, swallowed by the patient, can photograph ulcers, cancers, etc., in the stomach. The Japanese camera, supplied by Dr. S. Yamagata of Tohoku University, has its own light source.

Curriculum Is Adopted For West Branch's 1960-61 Term

Twelve departments, a summer kindergarten, and 10 academic clubs were adopted as a 1960-61 curriculum for the West Branch Local School District by its executive board July 2.

Courses and classes open to the students will include the following: A functional guidance program — testing and counseling for students in grades 1-12; math courses — arithmetic, general math, business math, plane geometry, algebra 2, advanced math, and senior math; English — elementary English, English 1, English 2, English 3, English 4, business English, speech and composition and public speaking and debate;

The science program will be composed of: elementary science,

general science, biology, chemistry, physics and agriculture; foreign languages — Latin, Spanish and French; Home economics — Home Ec. 1, 2, 3 and 4. Commercial — general business, typing 1, typing 2, shorthand 1, shorthand 2, bookkeeping and office practice; social sciences — world history, American history, American government, economics, social problems and business law.

Also included are industrial arts — Mechanical drawing 1, industrial arts 2, 3 and 4; physical education and organized health — grades 8-12, athletics, grades 7-12; drivers training; music — elementary vocal, Junior High and high school chorus and instrumental, Junior high band, grades 7, 8 and 9; Senior band, grades 10, 11 and 12, and a summer music program.

A summer kindergarten is now in session for children in Smith, Goshen, Knox and Butler townships. Those who will be six years old by Sept. 1, 1960 are eligible to attend at either Goshen Center, Knox or Beloit. Parents may still enroll their children for this summer, since only a six-weeks' attendance is required.

Academic clubs approved by the board include a National Honor Society, Future Homemakers of America, Latin Club, Spanish Club, Future Teachers, G.A.A.A., Commercial Club, Rifle Club, Student Council, and Thespians.
